1917

ADDRESS DELIVERED BY

HONORABLE JAMES B. CROWLEY

MAYOR OF NASHUA, N. H.

At the Inauguration of the City Government of the City of Nashua, New Hampshire,

January 1st, 1918.

Members of the Board of Aldermen:—

At the request of the citizens of Nashua, as evidenced by their vote, we this day take upon ourselves the responsibility of conducting the affairs of this city for the ensuing two years. It is our particular province to furnish the departments with the means to carry out their requirements and to determine the extent of their operations by such rules and regulations as may be necessary to augment the authority already provided them by existing laws, and to pass such ordinances and resolutions as shall be necessary to properly adjust the management of affairs.

The several Departments will provide us with an estimate of the amount of monies needed to conduct their business with such recommendations as they may deem advisable for the improvement of their service. It is for us to study these estimates and to give careful consideration to the recommendations.

There is always occasion for improvement in service, and the granting of increased opportunity should be guided by the resources available for such work and the needs of a particular request over others suggested.

In all our deliberations the governing thought should be to act in a representative capacity and with the determination that the best interest of all shall be considered. Fortunately we approach our work with a corps experienced in municipal management, eight members having worked under the pres-

ent charter and nearly every one of the new members having served previously in the City Councils. Thus equipped we enter upon our labors with confidence and with the assurance that the best results will obtain. It is not only a privilege but a duty to bring to the attention of your co-workers whatever information is obtainable on any subject before your body for discussion and to present such arguments for its adoption or defeat as may appeal to you.

It is only through careful study and open discussion that the best conclusions are reached. It is also for you to suggest legislation and if the initiative is prompted by good impulse, thoroughly discussed, and the whole matter considered from an impersonal point of view the result, whether favorable or not, must be satisfactory.

From time to time it will be my privilege to suggest action on such matters as may come to me as needing attention, and in my recommendations the endeavor will always be to urge for the common good.

You will find the Departments most willing to furnish information as to the present status of their respective organizations and their reports will provide you with material on which to base your judgment as to the extent money should be apropriated for their use. An early audit of the city's affairs will be made and a copy of the auditor's findings placed in your hands before the budget is completed.

The intention is to regulate the expenditures so as to keep within the appropriations, and the Departments have worked faithfully and successfully to acomplish this.

The debt of the City at the close of business December 31, 1917 is as follows:

Fire Loans	$ 25,000.00
Sewer Loans	10,000.00
Highway Loans	72,000.00
School Loans	198,500.00
Refunding Loans	540,000.00

Making a total of	$845,500.00
The Sinking Fund of	$188,867.18
Making the net debt	$656,632.82

Authority has just been given to issue bonds to the extent of $300,000, the proceeds of which are to be used for the erection of a High School Building on Spring Street; and during the term of this administration you undoubtedly will be called upon to authorize an additional issue for the purpose of furnishing this proposed new building. An authorization has been made for the issuance of bonds to the amount of $24,000, the proceeds of which will pay for motor driven and operated apparatus for the Central Fire Station. These bonds will be issued within a few months, upon the delivery of the apparatus.

No attempt is made to furnish a program for development, but rather the endeavor will be to keep the properties in as fitting a condition and at as economical a figure as possible under the present high prices of material and labor; it therefore behooves all to carefully prepare for frugal management, and I particularly request all Departments to keep in mind the need of planning carefully and of recommending only essential expenditures for the coming year. By this I do not desire to impress upon them the idea of permitting a deterioration in their work, as that would be unwise, but to discourage the taking on of new measures requiring unnecessary additional expense and outlay.

It is with confidence we enter upon this term of office, knowing that united effort, co-operation of the Departments and the sustaining influence of the people will make for a successful administration of the City's affairs.

City Government of the City of Nashua, N. H.

For the Years 1918-1919

MAYOR

Hon. JAMES B. CROWLEY,

CITY OF NASHUA

REPORT

OF THE

Trustees of the Public Library

for the year

1917

REPORT OF THE LIBRARIAN FOR 1917

To the trustees of the Nashua Public Library.

GENTLEMEN:—

It is my pleasure to submit to you at this time a report of the work of the Library for the year 1917.

The home circulation shows a gain in science, art, history and magazines taken as well as in fiction.

In the foreign books taken, especially Polish, Lithuanian and Greek there has been a loss, as many patrons have read all the books we have in these languages and some several times and new ones cannot be bought, although lists are placed with several book houses.

The addition to the open shelves, given by a new case in the Delivery Room affords open shelves for 156 more books. There are now 750 books including recently added French books, the Polish, Lithuanian, Yiddish and Greek books on the open shelves.

The Alexander Hamilton Business Library, bought in July, has been greatly appreciated by the business patrons of the Library. Several new and revised volumes have been added to the International Library of Technology keeping it up to date. This has always had a large circulation.

The work of the Reference Room increases each year in requests for help in all lines of general information, and the public seem to realize the material it can give the business and professional man as well as student and club woman, and the staff have looked up for patrons, who didn't know how or where to find what they wanted, a thousand or more subjects, many being requests over the telephone.

Twenty-three new books have been added to this department the past year to help in the work.

No account is possible of the number of books read or used in this room as there is no special attendant in charge. This room has been more largely used by the pupils of the High and Junior High Schools this year than ever before.

Those in the lower grades used the reference books in the Juvenile Department. While the Circulation Department is more wide spread, the reference work is of equal importance.

The Library has patrons from all parts of the city and nearly all its nationalities are represented. It is becoming more and more a sort of directory where people drop in to ask the way to certain streets, Post Office, railroad stations, banks, doctor's and dentist's offices, good boarding places and restaurants.

The catalogue has been made more expansive and thus of more aid to the public. Collections of books on thrift, vocations, outdoor life, gardening, household economics, preserving and canning, and food substitution have been displayed on the open shelves in their season, and Bulletins sent by the United States Government on foods and their conservation have been distributed at the desk.

The Library has also cooperated with the Public Schools in loaning books to the teachers and in placing on special shelves material for out-side reading for their classes.

The Library has had in its reading rooms 127 different current periodicals,—99 by purchase and 28 by gift—all of which have circulated, when two copies are taken the current number, the others after two or four weeks. In the newspaper Room 10 daily, 1 weekly, and 1 semi-weekly, 2 being French, are on file.

This fall many old government pamphlets, duplicate books and magazines of no value today, and not used, have been taken from the shelves and stored in the tower and store-room. By thus withdrawing books no longer used the need of a third stack has been put off for another year.

The Children's Room is the great problem, but by giving Miss Mae Belle Taylor, the librarian, an assistant and sometimes two at the busiest hours, the discipline of the room has been maintained and the children served. This fall many days nearly if not quite 300 have visited this room during the library hours.

The present day boy has little use for the books of Optic, Fosdick, Abbott, Beachmont and Franconia stories or even Henty. He must have action and wildly exciting adventure, Boy Scout works, automobile, Polar, military or naval adventure or in the air, and by putting these old time favorites in the store-room, shelves have been found for the new favorites of to-day. The picture puzzles have given great pleasure to the little ones and many of the older children, and in vacations many mornings the tables are filled with the bright eager faces. It surely quickens observation and cultivates patience as well as efficiency and the few dollars they have cost have been well spent.

The Library has also entered into the war activities, this year raising in the city through no regularly laid out campaign, but by requests of the Librarian and her Staff—mostly over the telephone—the sum of $614.60 for the War Library Fund. This was sent through Mr. Arthur Chase, State Librarian at Concord to the headquarters at Chicago and a grateful acknowledgement received.

The Library has collected 680 books and several hundred magazines for the soldiers' cantonments, and sent to the Y. M. C. A. huts, Knights of Columbus building at Camp Devens and to Mr. Belden at the Boston Public Library, to be sent where most needed.

It has also, following the work done in England—suggested by Rudyard Kipling—made and sent to France for use in the hospitals, 110 scrap books. The Trustees buying the books as "their bit" and the patrons of the Library and friends of the soldiers all over the city have done "their bit" by filling them with pretty colored pictures, amusing jokes and anecdotes, poetry, anything that might bring a smile to the sick soldier. Even children have asked to make them and some of the most attractive have been made by boys and girls of the Juvenile Department. These have been sent to Miss May Hall and Mrs. Mary McPherson, two Nashua young women, who are in charge of hospital wards. Another hundred is now being

made and it is hoped to keep up the work as long as the war lasts.

The Staff has been congenial and efficient and no changes have occurred during the year. Miss Eva Davis has continued as Cataloguer and Reference Helper. Miss Clara E. Smith has had charge of the Delivery Desk mornings and Mr. Holman afternoons and he has also kept the Library open Sundays from 2 to 5 P.M.

Miss Mae Belle Taylor has continued her work successfully as the Children's Librarian and as extra help and for the supper hour has had Miss Ruth Winslow, who left to attend school in Boston and Curtis Haines has taken her place.

The daily press is the best advertiser of the Library and thanks are due for the kindness received from the local paper, the Nashua Daily Telegraph, for publishing lists of the monthly additions and for free advertising.

Also, thanks are hereby given to Miss Dora M. Spaulding and to Mrs. Emily F. Barnes and also to the L'Avenir National, a daily paper published at Manchester and for 19 publications sent as gifts to the Library, by other kind friends.

SARAH P. BARKER, Librarian.

REPORT

OF THE

Overseer of the Poor

For the Year

1917

Overseer of the Poor's Report

For the Year 1917

To the Honorable Mayor and Board of Aldermen:—

I submit herewith my report as Overseer of the Poor for the year 1917.

One hundred and twenty one applications for relief were received during the year. Upon investigation a majority of them were referred to the County Commissioner as they did not have a city settlement under the Statutes. Those having a city settlement were given relief when conditions warranted after a thorough investigation.

Medical treatment has been given by the city physician who has always been willing and ready to co-operate.

The high cost of living has been felt in this department in the advance in cost of the necessities of life. I would therefor respectfully ask for an appropriation of at least $4,800 for the year 1918. This is $300.00 more than last year's appropriation. The following shows the receipts and expenditures for the year 1917:—

Receipts.

Appropriation	$4,500.00	
Refund	8.00	
		$ 4,508.00

Expenditures.

Groceries and Meats	$1,483.51
Board in institutions	1,136.00
Rent	737.75
Board at home	688.00
Fuel	106.00

Shoes and Clothing	54.35	
Burials	48.00	
Nursing	77.50	
Expenses to Grasmere	16.83	
Examination	6.08	
	$4,354.02	
Balance to Revenue Act	153.98	
		$4,508.00

Respectfully submitted,

ARTHUR L. CYR,

Overseer of the Poor.

Nashua, N. H., January 28, 1918.

FIRE ALARM TELEGRAPH

This branch of service is now in good condition except the placing of wires in ducts located by N. E. T. & T. Co., in place of overhead wires. Which work is still in progress as fast as ducts are laid.

INSTRUCTIONS TO KEY HOLDERS.

1. Upon the discovery of a fire, go to the nearest box,

break the glass on the key box, place key in lock, turn key and open door (be sure to hold door open as there is a spring lock on the door.) Pull down on the lever and let go. Do not try to remove key, as it is locked in and can only be removed by some one in authority.

2. Any person ringing in an alarm should remain near box so as to direct the Firemen to the Fire.

3. No person should give an alarm for the same fire after the first alarm has been given without an order from the Engineer or Officer or Commissioners in command. And the person so ordered shall be sure to go to the same box from which the first alarm was given and report to the Officer who issued this order.

4. Never signal for a fire seen at a distance. Never touch a box except to give an alarm for fire. Do not give an alarm from a box for a chimney, or grass fire, call Central Station, Telephone 112-1. Do not get excited when you tell Central where the fire is located. Talk slow and distinct.

APPARATUS AND HOSE.

The apparatus consists of four Amoskeag Steam Fire Engines, four two horse hose wagons, four supply wagons, two hook and ladder trucks, one motor chemical, one motor Squad car. There is about 10,500 feet of fabric hose in good condition.

ESTIMATED VALUE OF PROPERTY IN DEPARTMENT

Steamer No. 1	$3,000.00
Steamer No. 2	3,000.00
Steamer No. 3	3,000.00

Respectfully Submitted,

HERBERT C. LINTOTT,
CHARLES H. AUSTIN,
EUGENE W. DUNCKLEE,
Board of Fire Commissioners.

CITY OF NASHUA

REPORT

OF THE

PARK COMMISSION

FOR THE YEAR

1917.

REPORT

OF THE

PARK COMMISSIONERS

To His Honor the Mayor and Board of Aldermen:

The Park Commission submit their Annual Report for the year ending December 31st, 1917.

GREELEY PARK.

After careful planning for several years, Greeley Park has become a beautiful place. Without disturbing the natural lay of the land other than to improve the drainage we have been able to develop a very attractive place not only to the people of our city, but to hundreds of people who weekly pass through the city in automobiles of which quite a number stop to enjoy some of the privileges of the park.

The Sunday Band Concerts have been tried again during the summer months and have proved a decided success. Hundreds of people have enjoyed the concerts and have had opportunities to enjoy other attractions which the Park affords.

The Knoll in the old burial ground on which the ten ton boulder placed by Mr. Harris, has received considerable attention and will receive more the coming year. It is the plan to make this spot a place of respect for the oldest of Nashua's settlers and at the same time keep in mind the fact that the Park is for recreation and the enjoyment of all who may care to use it.

The transplanting of trees from the nursery has continued, thus adding to the improvement in shade trees each year.

SOUTH COMMON.

A new granolithic walk has been placed on the Lake Street side of the Common, which is a permanent improvement that is appreciated by all who have occasion to use the walk. The ball diamond has been improved and the entire common has had extra care.

NORTH COMMON.

The transplanting of trees from the nursery has constituted most of the improvements for this Common. To make any decided improvement will take a much larger appropriation then we now have.

GARDENS.

The Park Commission have opened 110 garden plots of about 3,000 square feet each on North Common, which were very quickly taken up by citizens from all parts of the city. At Greeley Park a number of acres were given to the use of the City Food Supply Commission for garden purposes and for other tillage purposes. Both these undertakings have proved to be a decided success and will be continued again the coming year.

MOTH WORK.

The Commission feel that they are up against, the Gypsy Moth proposition in a very serious way. The marked increase in the Gypsy Moths will make it rather expensive to care for them, as they have infested the trees in many cases to the very top of the trees. This makes the destroying of them a slow process especially those found on the larger trees. The appropriation for this work will have to be much larger if we are to successfully check these destructive pests.

Following is the financial statement for the year.

Respectfully,

HENRY H. DAVIS,
HERBERT E. KENDALL,
JASON E. TOLLES,
Park Commission.

CITY OF NASHUA

REPORT

OF THE

BOARD OF HEALTH AND THE HEALTH OFFICER

FOR THE YEAR

1917.

ANNUAL REPORT

OF THE

BOARD OF HEALTH

Nashua, N. H., April 1, 1918.

To His Honor the Mayor and Board of Aldermen.

Gentlemen:—

We herewith submit our report for the work of the Board of Health for the year 1917. The meetings of the board are held at the Chairman's office on the last Friday of every month. Our present office quarters are inadequate to meet the demands of our department and we trust that your body will make suitable arrangements for an office for the Board in one of our Municipal Buildings. The personal of the Board remains the same as in 1916.

In the spring the Board employed two men who canvassed the city, cleaning up yards , abolishing garbage nuisances and unclean pig pens. In the summer months chemical and bacteriological examination of milk was done in our laboratory. The examination shows that efforts are being made by the producers and distributors of milk to give our city a clean and healthy product.

The score card system has been introduced and is being used by our local Health Inspector in bakeries, markets, grocery stores, lunch rooms, restaurants and hotels. The results of the same will be found in detail in the yearly report of our Health Officer.

During the year the Board has had under consideration the legislative act, which gives you a body the right to establish garbage precints in our city. Inasmuch as our city does not assume the collection of garbage, this matter calls for a feasable plan that will meet the approval of the garbage collectors, as we are dependent upon them for collection and removal of garbage. We hope to be able to present to your Board, at an early date, a working basis for the establishment of garbage precints.

Investigations and complaints shows in our city many tenements where unsanitary conditions are extremely bad. In many cases some of the tenements of our city are unfit for habitation. Utter disregard is shown by owners to make them habitable. Many of our complaints regarding poor plumbing lack the intelligent investigation they should receive. This shows the need of a competent Plumbing Inspector. We are one of the only cities in the State of New Hampshire, not having such an official.

CONTAGIOUS DISEASES.

During the year the following contagious diseases were reported to this office:

Measles	631 cases
Diphtheria	37 cases
Scarlet Fever	14 cases
Poliomyelitis	1 case

The above cases were properly quarantined and premises fumigated at termination of disease.

Investigation and detail work in contagious disease is carried out by this department. During the year, visiting and culture work was done in the private schools of our city. In August and September Diphtheria made its appearance in the Crown Hill district, southwest of Burke Street. Culture work was done, which resulted in the isolation of carriers and the care of mild diphtheria cases. Contagious disease work in

our public schools is carried on by the Medical Inspectors and School Nurse. We are deeply indebted to them for their splendid work and co-operation. Their results show conclusively that this work should be extended to the private schools of our city and as statistics show, that more than half of our pupils attend the private schools, your board might consider a plan by which these children may be served.

TUBERCULOSIS.

A very exhaustive tubercular survey of our city was conducted by our Board in November and December. Every available source was carefully inquired into. Our survey has shown chronic cases, which either through neglect or inability have no supervision whatever, and as tuberculosis is now recognized as a contagious disease one can see what a source of danger there is from these cases. Tuberculosis is a reportable disease and in many instances people are loath to admit that they are tubercular, which interferes in the proper management of the disease. During the survey, our nurse visited 57 suspects. Of the 57, 6 could not be found, 3 had left town, 12 were in sanatoriums, 33 were advised in home care; disposal of sputum, use of disinfectants, feeding and personal hygiene.

During the past five years there have been 180 known deaths from tuberculosis. Our investigation shows tuberculus areas to be on the West Side, from Elm to Third Street, and on the northeast side of the town from Cross Street to the Merrimack River. Computing our death rate with the recognized estimate of the National Association for the Prevention of Tuberculosis, we should estimate about 180 cases of tuberculosis in our city.

INFANT MORTALITY STATISTICS.

The following shows the morbidity statistics for the past five years:

	1913	1914	1915	1916	1917
Total Deaths-All Ages	517	395	490	411	499
General Death Rate	1 7-10	1 1-3	1 2-3	1 1-3	1 2-3
Living Births	490	715	719	900	760

Report of Health Inspector.

Nashua, N. H., March 31, 1918.

To the Board of Health,
City of Nashua.

Gentlemen:—

I have the honor to submit herewith the following report as Health Officer, for the year 1917-1918, ending March 1st, 1918.

There is almost a daily demand for the advice, information or other official aid, involving executive or advisory action, necessitating a field of work with various organizations and private individuals, relative the prevention and management of communicable diseases, protection of food supplies, sanitary improvements in and about the city, and the interpretation of food and drug laws, and many other things of general and local importance.

LUNCH ROOMS, CAFES, BOARDING HOUSES, AND COFFEE HOUSES.

Total	125
Inspections	180
Orders given to clean up and repair	5

A great improvement has been noticed in all of the above places, since the score card system of rating such places has been installed.

BARBER SHOPS.

Total	40
Inspections	90
Instruments seized	None

No exact account has been kept of unclean instruments and caustic sticks found in the above places, but a great improvement has been shown over the previous year.

WATER.

The water used by the city has been analyzed and the plant inspected four times during the past year, and the public at large can rest assured that they have at their demand a water supply equal to any within a radius of 75 miles.

To give you a more descriptive idea of our water supply, I will proceed to tell you of its characteristics.

The supply of the Pennichuck Water Works is derived mainly from wells and springs and an auxiliary pond supply. Because of its unique character and of the attention it has attracted among water engineers, it has been deemed worthy of special mention and description in this report.

A single flowing artesian well is not a novelty in certain parts of the country, tho such are seldom seen in New England. Water supplies derived from a system of driven wells, which have to be pumped, are also common enough. But it is rare indeed, to find a series of such wells, each pouring above the surface of the ground summer and mid-winter alike an unvarying stream of sofe, crystal, clear water, some of which streams are larger than a man's arm.

The reservoirs and wells are located upon a very sparsely populated wooded area, surrounded by a large amount of land on all sides.

The wells most of which are near together are 26 in number, sunken through a thick, hard substance, to depths averaging 18 to 26 feet, tho a few run to depths ranging from 36 to 50 feet. The immediate territory is protected by a high wire fence, and no one except the employees are allowed to enter this enclosure. The larger wells are, however, but a short distance from the fence and the flow may be readily observed by anyone upon obtaining permission to enter the reservoir tion. (Since war has been declared no permission is granted to enter the premises.)

At the collection basin are located three distinct pumping stations, anyone of which is sufficient and ready for service, in case either of the other two are out of commission. One of

these is operated by water power, the water being delivered through a main which draws from the so-called secondary supply of the company. The supply is a pond situated but a short distance back of the collection basin and a level of which is 86 feet above the latter at the top of the dam. Here a fourth pumping station is located, the pond mentioned is one of a chain which extends back into a sparsely populated territory for some little distance, the whole constituting a total storage of a half billion gallons, in addition to the regular well water supply. While this is ample for the present need, yet this pond water is available, not only for power purposes, but for regular domestic use, in case it should be at anytime required. Although possessing the color and other characteristics of a surface water, yet this secondary supply compares very favorably in quality with that of the average pond supplies of the state.

Distribution is from an open reservoir located upon a hill, the capacity of which is 4,000,000 gallons, the average daily pumping is given at 2,750,000 gallons. The total pumping capacity of the four stations is 22,000,000 gallons.

FACTORIES.

In accordance with Chapter 30, Laws of 1911, of the State of New Hampshire compelling any person, firm or corporation, operating a factory or shop, in which three or more persons are employed and where power machinery is used, except for elevators shall at all times keep and maintain free of expense to the employees a surgical chest as shall be required by the local Board of Health. All shops and factories within the limits of this city have been inspected twice within the past year, not only the surgical chests and toilets were inspected but sinks in regards to the use of the common drinking cups.

Following is a report of Shops and Factories:

Number of surgical chests not fully equipped 2
Shops where common drinking cups are found in use 3

It is well to say that there are certain shops and factories in this city that are equipping every day more and more along the lines of first aid and sanitation, and I sincerely hope that more will follow their example.

COMPLAINTS AND NUISANCES.

Complaints and nuisances have been handled in the past year with the card system which comprises of the complainant's name, the owner's name and address, tenant's name and address, the nature of the complaint, the date of the inspection and the results of the inspection.

The following is a list of the complaints investigated during the past year.

Dead animals	1
Odors from Cesspools	3
Garbage	15
Dirty Milk Utensils	3
Garbage thrown in yards	9
Manure exposed	3
Privy vault not connected with public sewer	7
Odor from privy vaults	8
Toilets, odor from	17

Total	115

FUMIGATIONS.

During the past year as in years previous fumigations have been done by the Board of Health, free of expense to the public, in certain diseases, such as Scarlet Fever, Diphtheria, and Tuberculosis. To carry out this ruling entails a lot of time and expense and more expense within the past year owing to the increased price of fumigators and supplies.

It is my opinion, that in time fumigation will be done away with, for it is felt more so every day throughout the country that fumigations are of doubtful efficiency, and are open to positive disadvantages of encouraging people to put their trust in formaldahyde gas and to neglect the essentials of cleanliness, fresh air, sunshine and general sanitary precautions.

It has been tried and proven in many large cities where Scarlet Fever and Diphtheria have been more prevalent than in the said city, to do away with the terminal fumigations in cases of Scarlet Fever and Diphtheria, and to insist on scrubbing, airing out, and disinfecting by the house holder before the removal of the quarantine card, and I have said before it has been tried and proven in larger cities where contagious diseases are more prevalent then in ours, no ill effects have resulted from this policy, and no cases of these diseases have been attributed to the abandonment of fumigation.

CONTAGIOUS DISEASES.

Diseases known as anterior poliomyelitis, cebro-spinal meningitis, diphtheria, measles, opthalmia neonatorum, scarlet fever, smallpox, erysipelas, tuberculosis, typhoid fever and whooping cough, are infectious and contagious diseases, and dangerous to the public health. Physicians are required to report these diseases to the Board of Health immediately, every case of either of these diseases coming under their care and postal cards conveniently printed and addressed are supplied to them for this purpose. On being notified of such a disease, the superintendent of schools, the librarian of the public library, and the State Board of Health are notified.

Strict quarantine is placed on contagious diseases with as little expense to the family as possible and at the same time strict enough so that no loop hole is left for further contagion.

A great deal of the time has been spent in the past with the aid of Dr. P. J. McLaughlin, Chairman of the Board of Health, in the examination of the children of the Parochial Schools, especially in cases where a sore throat should crop up, therefore every child in the school room where such sore throat is evident has her throat examined and cultured.

HOUSING CONDITIONS.

I sincerely hope that the time will come in the near future when some sort of legislation will be passed in this State, giving the power to the Board of Health in Cities and Towns, to prevent the overcrowding of tenements and lodging houses. This can be done, by taking measurements of each of the rooms in lodging houses to determine the permisable number of occupants in each room. After making measurements and determining the number limited to each room to post cards in each individual room limiting the number to sleep in such rooms, having the same cards printed in the various languages and also instructions as how to maintain sanitary conditions.

Respectfully submitted,

FRANK B. SHEA, Health Inspector.

REPORT OF MILK INSPECTOR.

Nashua, N. H., March 31, 1918.

To the Board of Health,
City of Nashua.

Gentlemen:—

I have the honor to submit herewith the following report, as Milk Inspector, for the year 1917-1918, ending March 1st, 1918.

The regular routine of visiting all dairy farms was not carried on so extensively in the past year, as it was in the previous year, owing to the method adopted by the Board of Health, whereas, upon an examination of any specimen of milk, if it was found to contain over 500,000 bacteria per cubic centimeter, such milk was unfit for human consumption, and an inspection of the farm was immediately made to try and find out and correct any errors in regards to sanitation that may have been made in producing the milk.

At the present we have in said City of Nashua, three dealers distributing Inspected Milk, produced and distributed under the rules and regulations of the New Hampshire State Board of Health.

The following is a report of the milk specimens collected and analyzed during the past year 1917-1918, ending March 1st, 1918.

Inspected milk specimens forwarded State Laboratory .	32
Specimens of milk and cream analyzed	482
Specimens submitted by citizens	5
Specimens of mother's milk analyzed for doctors	4
Specimens of milk collected	214

Specimens found below standard on total solids examined 21
Specimens found below standard on butter fat examined 29
Specimens examined for bacteria 136
Specimens examined which proved to have over 500,000 bacteria 3
Prosecutions for adulterations and skimming 4

All samples were analyzed and examined for formaldahyde, annatto, cold tar dyes, benzoate soda, boric acid, freezine, added water, butter fat and solids not fat.

Total number of milk licenses issued 219
Number paid licenses 210
Number licenses granted free gratis 9

Respectfully submitted,

FRANK B. SHEA,

Milk Inspector.

ANNUAL REPORT

OF THE

Trustees of Woodlawn Cemetery

For the Year

1917

ANNUAL REPORT

OF THE

Trustees of Woodlawn Cemetery

Nashua, N. H., March 15, 1918.

To the Honorable Mayor and Board of Aldermen
of Nashua, N. H.

Gentlemen:—

The Trustees of Woodlawn Cemetery submit the following as their annual report for the year, 1917.

CARE OF GROUNDS

Woodlawn Cemetery has now a beautiful Granite Gateway, the gift of Hon. Albert Shedd, who has been president of the Board of Trustees, since it was created by act of the Legislature of the State of New Hampshire in the year of 1895. This gift is one that will be a lasting monument to the donor, and is a beautiful work of Art in which the Trustees and Lot Owners may well feel proud.

The Trustees in order to continue the good work have caused to be laid along the entire front of the grounds on Kinsley St., a Cement Sidewalk and Gutter, totalling one thousand four hundred and eleven feet. Eight hundred and seventy six square yards cement walk at Entrance and Driveway, and one hundred and two feet of small curbing at Gates.

Mr. Luke B. Colby, Supt., and his Ass't Supt., Mr. Harry Gidge have given their best efforts in the care of the grounds and the result has been very satisfactory. There has been laid in the cemetery, one hundred and fifty feet of Brick Gutter, and the interior of the Chapel has been thoroughly renovated.

The total number of interments during the year was 166, as follows: Residents, Adults, 75. Residents, Children, 33.

Out of Town, Adults, 55. Out of Town, Children, 3.

Removals in this Cemetery, 4.

Bodies placed in the Tomb, 11.

Services in the Chapel, 20.

Number of Soldiers buried during the year 1917, 7.

Making the total number of soldiers graves January 1, 1918, 352.

(32) Perpetual care bonds have been issued and (15) Deeds given to owners of Lots and Single Graves.

The following is a statement of the perpetual care fund, current expense fund and financial transactions for the year ending December 31, 1917.

The products of the Greenhouse are estimated as follows.

Plants, Flowers and Shrubs used for perpetual care and ornamentation	$ 811.00
Received for sale of Plants, Flowers and Shrubs .	622.81
	$1,433.81

Cash on deposit as per Bank Book No. 4433, January, 1, 1918, Perpetual Care Fund	$ 111.66

Respectfully submitted,

EUGENE P. JOHNSON,
Secretary for Board of Trustees.

ANNUAL REPORT

OF THE

Trustees of Edgewood Cemetery

For the Year

1917

ANNUAL REPORT

OF THE

Trustees of Edgewood Cemetery

To the Honorable Mayor and Board of Aldermen:

The Trustees of Edgewood Cemetery present their 25th annual report, for the calendar year 1917, as follows:

The Cemetery grounds have been maintained in first-class condition, lots, roadways and paths having had the usual work done; and the Chapel building has been painted outside and inside. No new work along extension lines has been undertaken, and only a moderate amount of labor has been expended on development of the territory which has been under improvement the past three years. Owing to scarcity and high cost of labor it is not probable that very much will be done along this line the coming season.

The financial condition of the Cemetery is shown by the following statements:

TRUST FUNDS FOR PERPETUAL CARE OF LOTS

Amount at last annual report		$20,932.33
Received during the year (13 bonds)		1,957.00
		$22,889.33

Which is invested as follows:

City of Nashua obligations:

$4,500.00 Refunding bonds, 3 per cent, due 1921	$ 4,500.00	
$5,000.00 High School Bonds, 3 per cent, due 1923	4,975.00	
$1,000.00 Mulberry St. School Bonds, 3 per cent, due 1925	1,000.00	$10,475.00

$1,000 Andover Village Dist. Bonds, 4 per cent, due 1930	1,000.00	
$1,000 Warner School Bonds, 4 per cent, due 1929	1,000.00	
$1,000 Hillsborough County, Nashua Court House Bonds, 3 per cent, due 1923	917.50	2,917.50
3 shares Pennichuck Water Works, @ 166	498.00	
City Guaranty Savings Bank, account No. 12034	2,687.50	9,496.83
Nashua Trust Company, account No. 11500	6,311.33	
		$22,889.33

PERMANENT FUND FOR CARE OF WALKS AND DRIVES

Amount at last annual report		$ 2,954.25
Received during year, 25 p. c. of lot sales		205.50
		$3,159.75
Which is invested as follows:		
$700.00 City of Nashua Refunding Bonds, 3 p. c., due 1921	$700.00	
$500.00 City of Nashua Refunding Bonds, 3 p. c., due 1921	461.00	
		$1,161.00
$500.00 Hillsborough County, Nashua Court House Bonds, 3 per cent, due 1923	$500.00	
$500.00 Do., ...	458.75	958.75

Citizens Guaranty Savings Bank, account No. 708		1,040.00
		$3,159.75

The Cemetery has received:

Balance on hand from 1916, as per last annual report	$ 393.58	
Burial fees, care of lots, repairs, etc. .	1,221.45	
Payments for lots (27)	822.00	
Income from invested funds	236.00	
City appropriation for 1917	1,000.00	
		$3,673.03
Bonds for perpetual care (13)		1,957.00
		$5,630.03
Balance overdrawn, as of December 31, 1917		645.58
		$6,275.61

Our disbursements have been:

Pay-roll, labor and teams	$2,992.83	
Water	271.60	
Seeds, plants, bulbs and trees	100.95	
Insurance and Safe Deposits.....	15.00	
Telephone	42.00	
Superintendent's supplies, repairs, cement, tools, hose, etc.	419.23	
Office supplies, printing & stationery	11.50	
Plans and surveying	26.00	
Office Rent	18.00	
Fertilizer	16.00	
		$3,913.11

Lots re-purchased	$ 200.00	
Deposited in City Guaranty Savings Bank, account No. 12034	781.00	
Deposited in Nashua Trust Company, account No. 11500	1,176.00	
Deposited in Citizens Guaranty Savings Bank, account No. 708	205.50	
		$6,275.61

For the Trustees, respectfully submitted,

JOSEPH L. CLOUGH,

Secretary.

Nashua, N. H., January, 1918.

ANNUAL REPORT

OF THE

Trustees of Suburban Cemeteries

For the Year

1917

ANNUAL REPORT

OF THE

Trustees of Suburban Cemeteries.

To His Honor the Mayor and Board of Alderman

Gentlemen:—

The Trustees of Suburban Cemeteries respectfully submit the following report for the year 1917.

The several cemeteries under our care, have been kept in excellent condition by our Supt., Mr. Lyman and his assistant.

The grading and laying out of lots in the new part of Evergreen Cemetery has been completed, which adds some very desirable lots to this Cemetery.

CITY OF NASHUA

Report of the Trustees of the Hunt Legacy

For the Year

1917

REPORT

OF THE

Trustees of the Hunt Legacy

To His Honor the Mayor and Board of Aldermen

Gentlemen:—

The Trustees of the Hunt Legacy submit the following report.

During the past winter there has been given in the City Hall a course of four lectures all of which have been of a high order and well attended, and much enjoyed.

The Fund consists of:

4 p. c. Bonds—City of Nashua	$6,000.00	
Cash in Banks	198.94	
Total Fund		$6,198.94

Respectfully submitted,

F. W. MAYNARD,
For the Trustees.

CITY OF NASHUA

REPORT

OF THE

Board of Public Works

For the Year

1917

Report of the Board of Public Works.

Gentlemen of the Board of Aldermen:—

We beg to present the following report on expenditures and work of the Highway Department during the year 1917.

The Department, during this year, has been severely handicapped on account of the constantly increasing prices of material and the scarcity and increase in price of labor. The severity of the winter demanded added cost on account of the large amount of accumulating snow and the requisite sanding of walks. The matter of collecting ashes and rubbish still grows more and more expensive but from new regulations adopted better results are expected. A public willing to comply with the requirements will do much not only to reduce expense but also will assist in getting cleaner streets and yards.

The cleaning of sidewalks is a matter which should interest every citizen. If the walk is cleaned after every storm and the extra shovelful thrown from the gutter better walks and easier travel would be guaranteed and the City saved much expense. We have no law to regulate this and can only appeal to the fair mindedness of the citizen.

These conditions and the unusual severity of the last months of the year required an outlay beyond the appropriation in order to keep the roads and walks in condition for travel.

The finances for the year are as follows:—

Annual Appropriation	$80,000.00	
Cash collections, credited to appropriation	1,620.06	
Departmental transfers, for services rendered:		
Woodlawn Cemetery	968.91	
Fire Department	239.48	
Park Commission	420.97	
Over-draft refunded	69.17	
Cash disc. credited to appropriation	8.10	
Total income	83,326.69	
Total payments	87,684.13	
Showing over draft		$4,357.44

The permanent work done consisted in surfacing Arlington Street from Hollis to Burke Streets, with the exception of a small section done the previous year; West Hollis Street opposite Woodlawn Cemetery; Hobbs Avenue from Hollis to Crown Street; Allds Street from Hollis Street to the cement concrete pavement; Warren Street and a short section on Williams Street, to be completed during the year 1918. This work was of a modified asphalt construction.

The cement gutters on Main Street were completed from the Masonic Temple to the Nashua Acton and Boston Railroad track, a little over half of this work having been done in 1916. The block pavement from the Main Street bridge to the north side of Thayers Court was taken up; the blocks cleaned, turned, relaid and grouted with cement.

On the upper end of Concord Street, from Greeley Park to the Merrimac Town Line, the State resurfaced with modified Topeka, eighteen feet wide, the expense of which is paid in equal share by the State of New Hampshire and the City of Nashua. A special appropriation is made for this purpose.

Sewers were built on Main Street, Shattuck Street, Cross Street, Haines Street, Gilman Street, Thomas Street and Prospect Street. The sewers on Main, Shattuck and Cross Streets were built in recognition of the grave necessity for this service and as the sewer was laid mostly through ledge it proved expensive.

In conjunction with the Town of Merrimack a cement concrete bridge was built on the Manchester Road at an expense of $1,176.26 and one of the same construction on the Tinker Road costing $1,115.07. A bridge of like construction was built on the Robinson or Lund Road by the City of Nashua at a cost of $757.15 and one on the New Searles Road at $822.50. These were paid for from the special bridge appropriation.

The Runnels Bridge Road has been improved quite extensively and the State has borne 20 per cent of the cost of improvement under the provisions of the State Aid Act. When put in proper condition the State will accept the Road and then make allowance of 50 per cent of the cost of maintenance. Patrol men have been employed during the year on the Manchester Road, Tinker Road, Pine Hill Road, North Hollis Road and Middle Dunstable Road. These roads are all in excellent condition and furnish good entrances to the city. The South Dunstable Road requires a large expenditure to put it in proper shape on account of the lack of material in this vicinity but endeavor will be made to secure State Aid and get improvements started.

The Department has purchased one 6½ ton Tandem Buffalo-Pitts roller for laying asphalt; one Schramm Air Compressor with hammer and drills for stone work and two sidewalk snow plows, besides small tools.

Practically all of the main streets were given a tar or asphalt oil treatment.

The streets on which work was done in a small way are: Allds, Amherst, Arlington, Ash, Atwood, Baldwin, Berkeley, Bowers, Bridge, Brooke, Broad, Burke, Canal, Cedar, Central,

Chandler, Charles, Chase, Chautauqua, Chestnut, Clay, Columbia, Commercial, Concord, Cushing, Courtland, Cross, Crown, D, Earley, Elm, Factory, Fairmount, Franklin, Fulton, Front, Gilman, Haines, Hanover, High, Hobbs, E. Hollis, W. Hollis, Hopkins, Howard, Kinsley, Lake, Lincoln, Lock, Lovell, Lovewell, Main, Manchester, McKean, Mechanics, Monroe, Morgan, Myrtle, Nevada, Oak, Orange, Palm, Park, E. Pearl, W. Pearl, Pearsons, Perham, Pierce, Pleasant, Prospect, Pine, Putnam, Reservoir, Russell, Salem, Salmon, Sargents, Sawyer, School, Shattuck, South, Spruce, Summer, Temple, Thomas, Tolles, Tyler, Vine, Walnut, Warren, Washington, Williams, Whitney, Worcester.

Respectfully,

JAMES B. CROWLEY,

Chairman.

Board of Public Works.

REPORT

OF THE

POLICE COMMISSIONERS

OF THE CITY OF NASHUA, N. H.

1917

REPORT

OF THE

Police Commissioners

Nashua, N. H., February 18, 1918.

To His Honor the Mayor and the Honorable Board of Aldermen of Nashua, N. H.

GENTLEMEN:—

Enclosed find detail report of the number of arrests, disposition of same, incidental service, etc. of the Police Department for the year 1917.

The efficiency of the Department has been greatly increased by the purchase of a low priced touring car which is used in place of the patrol wagon in securing evidence, investigating cases, locating witnesses, etc.

Circuit No. 3 of the Patrol Signal System being overloaded, we have found it necessary to take one-half the load off Circuit No. 3 and install a new Circuit No. 4, to which four new patrol boxes are to be added. This work has been contracted for, but on account of war conditions the material has not arrived to complete the work.

We have also contracted for the installation of shower baths, sanitary toilets, etc. in the basement of the station. A new detention cell has been installed in the cell room, new cement floors have been put in the cells and they have all been newly painted.

Our police equipment has been greatly added to and the above work contracted for and paid for out of our 1917 appropriation. We have closed the year with an unexpended balance of $316.33.

Respectfully yours,

ROSCOE F. PROCTOR,
Chairman.

CITY OF NASHUA

City Physician's Report

FOR THE YEAR

1917.

REPORT OF THE CITY PHYSICIAN

Nashua, N. H., April 11, 1918.

To His Honor the Mayor and the Board of Aldermen

Gentlemen:—

I submit the report of the city Physician for the year ending December 31, 1917.

During the year 1057 house visits and 795 office calls were made upon the dependant poor of the city. 55 contagious diseases were attended to, 26 calls were made to the police station.

Respectfully submitted,

ALFRED DAUDELIN,

City Physician.

REPORT

OF THE

CITY SOLICITOR

For the Year

1917

Report of the City Solicitor

April 19, 1918.

To the Mayor and Board of Aldermen:—

I herewith respectfully submit my report for the year ending December 31, 1917.

The following cases for or against the City of Nashua now pending: Labombarde vs. Dubé. Petition for injunction to restrain defendant from polluting waters of Salmon Brook. Injunction issued by agreement.

Nashua Light, Heat & Power Co. vs. Nashua. Petition for abatement of taxes. 3 cases.

Greeley vs. Nashua. Petition for assessment of damages in laying out street.

Kasjeta vs. Nashua Petition to file statement of injuries.

The following cases have been disposed of during the year:

Bouley vs. Nashua. Suit for damages for injury to plaintiff's land. Settled by agreement.

Anctil vs. Nashua. Suit for damages by flooding plaintiff's cellar. Settled by agreement.

Petition of Nashua. Petition to discontinue highway between Hunt and Nagle streets. Trial and petition granted.

In my official capacity I have been consulted by city officials as the need has arisen and generally have performed the duties devolving upon me by law and ordinance.

Respectfully submitted,

HARRY P. GREELEY,

City Solicitor.

CITY OF NASHUA

Resolutions and Ordinances

Passed by the Board of Aldermen and Approved by the Mayor During the Year 1917

RESOLUTIONS AND ORDINANCES

ORDINANCE

IN AMENDMENT OF AN ORDINANCE REGULATING THE USE OF VEHICLES IN CITY STREETS.

Amend an Ordinance Regulating the Use of Vehicles in City Streets passed September 12, 1916 by striking out the whole of section seven of said ordinance and inserting in place thereof the following:—

Section 7. Motor vehicles and horse drawn vehicles crossing from one side of a street to the other in any street or part thereof hereinbefore named, shall, except in case of necessity, do so by turning to the left so as to head in the same direction as the traffic on that side of the street; and all vehicles approaching a crossing of ways shall slown down and keep to the right of the intersection of the centre of both ways when turning either to the right or left.

Passed January 9, 1917.

Approved January 10, 1917.

RESOLUTION

AUTHORIZING THE FINANCE COMMITTEE TO HIRE MONEY.

Voted: That the Finance Committee be and they hereby are authorized to borrow from time to time during the current municipal year beginning January 1, 1917 in anticipation of the taxes of said municipal year, a sum or sums not exceeding three hundred and fifty thousand ($350000.) dollars, for the purpose of meeting the current expenses of the city, and the Mayor and Collector-Treasurer are hereby authorized to execute and issue the negotiable note or notes of the city of Nashua therefor, every such note to become due and payable within one year from the date the loan for which it is issued is incurred, and no such note shall be valid unless authenticated by the certificate of the First National Bank.

All debts incurred under authority of this vote shall be paid from the taxes of said current municipal year.

Passed January 1, 1917.

Approved January 2, 1917.

RESOLUTION

ADOPTING RULES AND FIXING THE TIME FOR HOLDING REGULAR MEETINGS.

That the rules of the Board of Aldermen for 1916 be and the same are hereby adopted for 1917 until otherwise ordered. And that the time for holding regular meetings shall be on the second and fourth Tuesdays of each month at 7:30 o'clock in the afternoon.

Passed January 1, 1917.

Approved January 2, 1917.

ORDINANCE

ESTABLISHING THE SALARIES AND COMPENSATION OF MEMBERS OF THE FIRE DEPARTMENT, AND REPEALING CERTAIN PRIOR ORDINANCES RELATING THERETO.

Section 1. Repeal Sections 15, 16 and 17 Chapter 35 of the Revised Ordinances entitled "Salaries and compensation", and all amendments thereto including an ordinance passed January 25, 1916, entitled "An ordinance amending Section 3, Chapter 5 of an Ordinance relating to the Fire Department"; and inserting in place thereof the following, to be known as Sections 15, 16 and 17, respectively.

Section 15. The chief engineer of the fire department shall receive the sum of seventeen hundred dollars per year in full for all services. The first permanent assistant engineer shall receive the sum of Thirteen hundred and Fifty dollars per year for all services. All other assistant engineers shall receive the sum of One hundred and fifty dollars per year for all services.

Section 16. The permanent engineers of steamers shall receive the sum of Eleven hundred and fifty dollars per year

in full for all services. Call engineers shall receive the sum of One hundred fifty dollars per year in full for all services.

Stokers shall receive the sum of one hundred twenty dollars per year in full for all services.

Company clerks shall receive the sum of one hundred twenty-five dollars per year in full for all services.

Permanent captains of Companies shall receive the sum of Twelve hundred dollars per year in full for all services.

Call Captains shall receive the sum of One hundred and thirty dollars per year in full for all services. Lieutenants of companies, one hundred and twenty-five dollars per year in full for all services.

Members of engine, hose, hydrant, hook and ladder and chemical engine companies, One hundred fifteen dollars per year. All salaries fixed in this ordinance except those for permanent men, shall become due and payable quarterly on the second days of January, April, July and October, of each year. The salaries of all permanent men shall be payable on Tuesday of each week.

Section 17. All permanent members of the fire department, except as hereinbefore provided, shall receive in full for all services the sum of Ten hundred and forty dollars for the first year's service, and shall receive for the second year and thereafter the sum of Eleven hundred dollars per year in full for all services. Said salaries to be paid while actually employed by the city, payable on Tuesday of each week. Members of the fire department substituting for permanent members shall receive for services performed, the same pay as permanent members.

Section 2. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Under the provisions of Section 42 of the City Charter, the undersigned respectfully recommend the salaries and compensation for members of the Nashua Fire Department, as stated in the foregoing proposed Ordinance.

Passed January 23, 1917.

Approved January 30, 1917.

RESOLUTION

RELATING TO THE ABATEMENT OF POLL TAXES IN CERTAIN CASES.

Whereas, the individual members of Company I and Company D, 1st New Hampshire Infantry, captain Wilkie I. Elliott and captain Nelson Gendron, commanding respectively, all residents of Nashua, during an arduous and patriotic service on the Texas border, have undergone a long absence from our city and a loss of its benefits and privileges in the past year; and Whereas, we desire to express a slight token of our appreciation for the honor such service has reflected upon our common city thereby.

Now Therefore Be it Resolved, that it is the sense of the Board of Aldermen of the City of Nashua, that the poll taxes heretofore assessed upon the individual members of Company I and Company D, aforesaid, for the year 1916, might be fittingly abated and not collected; and it is recommended to the Board of Assessors and to the Tax Collector that legal and proper steps be taken thereto.

And Be it Further Resolved, that one copy of this Resolution be forwarded to Captain Wilkie I. Elliott and one copy to Captain Nelson Gendron, three copies to public newspapers circulating in Nashua, and that this proceeding be permanently engrossed in the forefront of the record of all current proceedings of the present municipal government of the City of Nashua.

Passed February 13, 1917.

Approved February 14, 1917.

RESOLUTION

APPOINTING A COMMITTEE OF FIVE TO OBTAIN RATES AND NECESSARY DATA FROM THE PENNICHUCK WATER WORKS WITH A VIEW TO RENEWING THE CONTRACT FOR THE CITY WATER SUPPLY.

That the President be authorized to appoint a committee of five, said committee to secure rates and all necessary data

from the Pennichuck Water Works with a view to renewing the contract for the city water supply.

Said committee shall confer with the Pennichuck Water Works Company as soon as possible and report its findings and recommendations to the Board.

Passed February 13, 1917.

Approved February 14, 1917.

RESOLUTION

CHANGING THE TIME FOR HOLDING REGULAR MEETINGS.

That the time for holding regular meetings until further orders be on the second and fourth Tuesdays of each month at 8 o'clock in the afternoon.

Passed February 27, 1917.

Approved February 28, 1917.

RESOLUTION

APPOINTING A COMMITTEE TO RENDER CERTAIN ASSISTANCE TO THE PUBLIC SERVICE COMMISSION INVESTIGATING A PROPOSED INCREASE OF FARES ON THE NASHUA DIVISION OF THE BAY STATE STREET RAILWAY.

Whereas, the Bay State Street Railway has petitioned the Public Service Commission of the State of New Hampshire, for permission to increase its passenger fares on the Nashua Division, and Whereas, said Public Service Commission has ordered a public hearing and investigation of the reasonableness and lawfullness of the fares so proposed, and the same are now pending and Whereas, such increase will affect the public of Nashua.

Now Therefore Be it Resolved, that a special committee consisting of the Mayor and the President of the Board of Aldermen, be and the same is hereby appointed to cooperate with and assist, the Public Service Commission in its action in the premises, to such extent and in such manner as may be lawful and proper, and

Be it Further Resolved, that the City Solicitor be and the

same is hereby authorized and directed to render such assistance in the premises as said Committee, within the authority hereby given, may deem advisable for the public good.

Passed March 13, 1917.

Approved March 14, 1917.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF TWENTY SIX THOUSAND FIVE HUNDRED DOLLARS ($26500.) TO PAY FOR THE CONSTRUCTION OF THE TAYLORS FALLS BRIDGE.

Pursuant to the provisions of the Municipal Bonds Act of 1895, the Treasurer is hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua, in the aggregate principal sum of $26500.

Said bonds are to be issued for the purpose of paying indebtedness incurred for the construction of the Taylors Falls Bridge and the proceeds of the sale of said bonds are hereby appropriated for that purpose. Said bonds shall be payable to bearer, shall be dated April 2, 1917, shall bear the city seal, and be signed by the Mayor and countersigned by the Treasurer, and the first one of said bonds shall be for the sum of $500. and the remaining twenty six bonds shall be for the sum of $1000. each, and shall be due and payable serially each year as follows, one of $500. and two bonds of $1000. each in one year, and each year two bonds of $1000. each in two, three, four, five, six, seven, eight, nine, ten, eleven, twelve and thirteen years respectively, from the date of issue as therein provided, bearing interest at four per centum per annum and payable semi-annually on the second day of April and the second day of October in each year. Both principal and interest shall be payable in the gold coin of the United States of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or at holders option, at the First National Bank of Boston, Boston, Massachusetts. The coupons shall bear the facsimile signature of

the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said First National Bank of Boston endorsed thereon.

Passed March 27, 1917.

Approved March 28, 1917.

RESOLUTION

APPOINTING A COMMITTEE OF FIVE (5) TO ACT WITH A SIMILAR COMMITTEE FROM THE BOARD OF EDUCATION FOR THE PURPOSE OF CONSIDERING THE ERECTION OF A NEW SCHOOL HOUSE ON THE SPRING STREET SCHOOL LOT.

That a committee of five (5) consisting of the President and four (4) other members to be appointed by the President be and hereby are constituted a committee from the Board of Aldermen to act with a similar committee from the Board of Education to consider the erection of a new school building on the Spring Street School Lot.

This committee to report its findings and recommendations to the Board as soon as pssoible.

Passed March 27, 1917.

Approved March 28, 1917.

RESOLUTION

AUTHORIZING THE MAYOR TO SIGN A CONTRACT FOR PRINTING THE CITY REPORT.

That the Mayor be and he is hereby authorized to sign a contract with Emile E. Marquis for printing the annual report of the various city departments for 1916.

Said contract to be in accordance with the recommendations of the Printing and Stationery Committee in relation thereto.

Passed April 10, 1917.

Approved April 11, 1917.

RESOLUTION

CONTINUING THE SPECIAL COMMITTEE APPOINTED BY THE BOARD OF ALDERMEN FOR THE PURPOSE OF A CONFERENCE WITH A COMMITTEE FROM THE BOARD OF EDUCATION, AND AUTHORIZING THE SAME TO RECEIVE PLANS FOR THE ERECTION OF A NEW SCHOOL HOUSE ON THE SPRING STREET LOT.

That the special committee heretofore appointed from the Board of Aldermen for the purpose of a conference with a committee from the Board of Education regarding the erection of a new school building on the Spring Street School lot, be and hereby is authorized, in conjunction with a committee consisting of five members appointed from the Board of Education to ask and to receive plans without expense to the city and with power of rejecting any and all plans offered, for a new High School Building to be erected on the Spring Street School lot, in accordance with such requirements as may be stipulated by said committee.

Passed April 10, 1917.

Approved April 11, 1917.

RESOLUTION

EXEMPTING FROM TAXATION FOR A PERIOD OF TEN YEARS CERTAIN PROPERTY OF W. H. McELWAIN COMPANY.

Whereas it is provided by Section 11, Chapter 55, of the Public Statutes of New Hampshire, as amended, that "towns may by vote exempt from taxation for a term not exceeding ten years any manufacturing establishment proposed to be erected or put in operation therein and the capital to be used in operating the same, unless such establishment has been previously exempted by some town. Provided however that the assessors shall annually appraise such property and the valuation determined upon for the same shall be added to the valuation of all other property in the town to determine the total valuation for the purposes of state and county tax, and

Whereas W. H. McElwain Company, a corporation duly established by law, proposes to put in operation in the City of Nashua in the addition to be erected during the year 1917 by Nashua Realty Company, and to be situated on the premises of said Nashua Realty Company at the corner of Lake and Ash Streets, a manufacturing establishment for the manufacture of boots and shoes, and for that purpose proposes to bring to Nashua and to use additional machinery, stock in trade, capital and other property,

Now Therefore be it

Resolved that all machinery, stock in trade and other property, that may be owned or used by said W. H. McElwain Company in the addition to be erected by said Nashua Realty Company during the year 1917 upon the premises at the corner of Lake and Ash Streets, and the capital to be used in operating the same and the business connected therewith be exempted from taxation for the period of ten years from the passage of this resolution; provided that said W. H. McElwain Company shall pay to the City of Nashua annually the amount of the state and county taxes due upon the said property during the term of this exemption, and it is further

Resolved that this resolution shall take effect upon its passage.

Passed April 24, 1917.

Approved April 25, 1917.

RESOLUTION

EXEMPTING FROM TAXATION FOR A PERIOD OF TEN YEARS CERTAIN PROPERTY OF NASHUA REALTY COMPANY.

Whereas it is provided by Section 11, Chapter 55, of the Public Statutes of New Hampshire, as amended, that "towns may by vote exempt from taxation for a term not exceeding ten years any manufacturing establishment proposed to be erected or put in operation therein and the capital to be used in operating the same, unless such establishment has been previously exempted by some town. Provided however

that the assessors shall annually appraise such property and the valuation determined upon for the same shall be added to the valuation of all other property, in the town to determine the total valuation for the purposes of state and county tax," and

Whereas, Nashua Realty Company proposes to erect upon its premises at the corner of Lake and Ash Streets in said Nashua during the year 1917, an addition to its present factory, and to contract with W. H. McElwain Company that said W. H. McElwain Company shall have the exclusive use and occupancy of said addition for manufacturing boots and shoes.

Now Therefore be it

Resolved, that any addition that shall be erected by said Nashua Realty Company during the year 1917 upon its said premises at the corner of Lake and Ash Streets in said Nashua, and the machinery therein, be exempted from taxation for a period of ten years from the date of the passage of this resolution; provided that said Nashua Realty Company shall pay to the City of Nashua annually the amount of the state and county taxes due upon the said property during the term of this exemption, and it is further

Resolved that this resolution shall take effect upon its passage.

Passed April 24, 1917.

Approved April 25, 1917.

RESOLUTION

MAKING APPROPRIATIONS FOR 1917.

That in accordance with the vote of the Board this day passed the following amounts are hereby appropriated for the several Departments for the year 1917:

Salaries	$7,080.00
Assessors	5,000.00
Ward and Election	3,000.00

City Hall	3,500.00
Police Department	47,650.00
Fire Department	55,000.00
Police Court	2,300.00
Armory	200.00
Board of Health	4,000.00
City Physician	800.00
Nashua Hospital Association	1,500.00
St. Joseph's Hospital	1,500.00
Board of Public Works	80,000.00
Street Lights	33,000.00
Paupers	4,500.00
Day Nursery	200.00
Schools	94,000.00
Public Library	6,000.00
Band Concerts	300.00
Parks	2,500.00
Moths	1,000.00
Soldiers and Sailors	150.00
Incidentals	6,000.00
Insurance	3,500.00
Lands and Buildings	2,000.00
Memorial Day	300.00
Printing and Stationery	1,400.00
Water Supply	12,675.00
Edgewood Cemetery	1,000.00
Woodlawn Cemetery	1,000.00
Suburban Cemeteries	650.00
Sinking Fund	26,552.57
City Interest	40,500.00
South Side Note	2,000.00
Merrimack Note	500.00
Total	$451,257.57

and that the sum of $345,000.00 be raised by taxation and the balance be paid from any money in the City Treasury not otherwise appropriated.

Passed June 12, 1917.

Approved June 13, 1917.

RESOLUTION

OMITTING REGULAR MEETINGS DURING JUNE, JULY, AUGUST AND SEPTEMBER.

That the second regular meeting be omitted during the months of June, July, August and September 1917.

Passed June 12, 1917.

Approved June 13, 1917.

RESOLUTION

AUTHORIZING THE AMOUNT TO BE RAISED BY TAXATION INCREASED BY $25,000.00.

That in accordance with the recommendation of the Mayor and the vote of the Board of Aldermen this day passed, the further sum of $25,000.00 for the year 1917 be raised by taxation in addition to the sum of $345,000.00 for the year 1917 voted to be raised by taxation at a meeting of this Board June 12, 1917 by a Resolution entitled

Making appropriations for 1917 making the total amount to be raised by taxation for the year 1917 the sum of $370,000.00 and the balance for the several departments mentioned in said Resolution be paid from any money in the city treasury not otherwise appropriated.

Passed June 23, 1917.

Approved June 24, 1917.

ORDINANCE

ESTABLISHING A ONE WAY STREET ON A PART OF RAILROAD SQUARE.

Section 1. Railroad Square between the railroad station building and land premises on the south side of said Square,

and the public oval socalled, shall be a one way street, and no person shall drive or operate a vehicle—as the same is defined under an ordinance styled "An Ordinance regulating the use of vehicles in City Streets"—within the area herein designated as a one way street except when going in an easterly direction.

Section 2. All ordinances or parts of ordinances inconsistent herewith are hereby repealed, and this ordinance shall take effect upon its passage.

Passed July 10, 1917.

Approved July 11, 1917.

RESOLUTION

IN RELATION TO THE COLLECTION OF POLL TAXES.

That the collector of taxes be and hereby is authorized to forward during the month of July, 1917 a notice to each and every poll tax payer of the City of Nashua, notifying each poll tax payer that the poll tax for 1917 must be paid on or before August 1st and for all poll taxes not paid by said date to charge costs amounting to 20 cents for said notice, the said notice to consist of the publication of this resolution in the newspapers of this city in three separate issues during the month of July and

Resolved further that the collector of taxes be and hereby is authorized to proceed to distrain for all poll taxes not paid by the first day of August, 1917.

Passed July 10, 1917.

Approved July 16, 1917.

RESOLUTION

TO THE CITY TREASURER TO REPORT FINANCIAL STANDING OF CITY.

That the City Treasurer be instructed and directed to prepare for, and to report to, the Board of Aldermen, at the next meeting after the passage of this resolution, a full and

complete statement of the finances of the City giving the bonded indebtedness as of September first, 1917, and the net outstanding debt as of the same date.

Passed October 8, 1917.

Not approved by Mayor.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF $24,000.00, TO PAY FOR THE PURCHASE OF MOTOR DEPARTMENTAL EQUIPMENT OF A LASTING CHARACTER FOR THE NASHUA FIRE DEPARTMENT.

Pursuant to the provisions of the Municipal Bonds Act of 1895 as amended by the Laws of 1917, Chapter 129, the Mayor and Treasurer are hereby authorized to issue and sell, under the direction of the Finance Committee bonds of the City of Nashua, in the aggregate principal sum of $24,000.00.

Said bonds are to be issued for the purpose of paying indebtedness incurred in the purchase of motor departmental equipment of a lasting character for the Nashua Fire Department, to be selected by the Board of Fire Commissioners, comprising 1 Combination 1000 Gal. pumping engine, 1 Combination 1 Hose Wagon Booster, 1 Special Ladder Truck, and for installation of the same, and the proceeds of the sale of said bonds are hereby appropriated for that purpose. Said bonds shall be payable to bearer, shall be dated June 1, 1918, shall bear the city seal, and shall be signed by the Mayor and countersigned by the Treasurer, and the said bonds shall be for the sum of $1,000.00 each and shall be due and payable serially each year as follows:——2 bonds of $1,000.00 each in one year, 2 bonds of $1,000.00 each in two years, 2 bonds of $1,000.00 each in three years, 2 bonds of $1,000. each in four years, and each year 1 bond of $1,000. each in five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen and twenty years respectively from the date thereof,

shall bear interest at the rate of 4 per cent per annum, payable semi-annually on the 1st day of June and the 1st day of December in each year. Both principal and interest shall be payable in gold coin of the United States of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or at holders' option, at The First National Bank of Boston, Boston, Massachusetts. The coupons shall bear the facsimile signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said The First National Bank of Boston endorsed thereon.

Passed October 8, 1917.

Approved October 14, 1917.

ORDINANCE

REGULATING THE USE OF THE "SIREN WHISTLE."

No person shall use upon any vehicle within the city limits any signalling device known as a "Siren whistle or siren horn" except that this ordinance shall not effect fire and police department vehicles.

This ordinance shall take effect upon its passage.

Passed September 11, 1917.

Approved September 12, 1917.

ORDINANCE

AMENDING CHAPTER 35, SECTION 13 OF THE CITY ORDINANCE ENTITLED "SALARIES AND COMPENSATION."

AMEND CHAPTER 35, SECTION 13 OF THE ORDINANCE ENTITLED "SALARIES AND COMPENSATION" BY STRIKING OUT THE WORDS "NINE HUNDRED" AND INSERTING IN PLACE THEREOF THE WORDS "ONE THOUSAND", AND BY STRIKING OUT THE WORDS SEVENTY FIVE AND INSERTING IN PLACE THEREOF THE WORDS "EIGHTY THREE DOLLARS AND THIRTY THREE CENTS," SO THAT SAID ORDINANCE WILL READ AS FOLLOWS:

Section 13. The health officer appointed by the Board of Health shall receive in full for his services and for all

duties appertaining to his office, the sum of One Thousand Dollars per annum, payable in monthly payments of eighty three dollars and thirty three cents each.

Passed October 23, 1917.

Approved October 25, 1917.

RESOLUTION

AUTHORIZING THE MAYOR AND TREASURER TO ISSUE BONDS IN THE AMOUNT OF $300,000.00 TO PAY FOR THE ERECTION AND CONSTRUCTION OF A NEW HIGH SCHOOL BUILDING ON SPRING STREET.

Pursuant to the provisions of the Municipal Bonds Act of 1895 as amended by the Laws of 1917 Chapter 129, the Mayor and Treasurer are hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua in the aggregate principal sum of $300,000.00. Said bonds are to be issued for the purpose of paying for the erection and construction of a new High School Building on Spring Street in said Nashua, and the proceeds of the sale of said bonds are hereby appropriated for that purpose. Said bonds shall be payable to bearer, shall be dated January 1, 1918, shall bear the City seal, shall be signed by the Mayor and countersigned by the Treasurer, and the said bonds shall be for the sum of $1,000.00 each, and shall be due and payable serially each year as follows; fifteen bonds of $1,000.00 each in one, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen, eighteen, nineteen and twenty years respectively, from the date thereof, shall bear interest at a rate to be established by the Treasurer, not exceeding Five per cent per annum, and be payable semi-annually on the 1st day of January and the 1st day of July in each year. Both principal and interest shall be payable in gold coin of the United States of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or, at holders option, at The First National Bank of Boston, Boston, Massachusetts. The cou-

pons shall bear the facsimile signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said The First National Bank of Boston endorsed thereon.

Passed December 28, 1917.

Approved December 29, 1917.

RESOLUTION

AUTHORIZING THE MAYOR, AND A SPECIAL COMMITTEE, TO EXECUTE A CONTRACT WITH THE PENNICHUCK WATER WORKS FOR THE CITY WATER SUPPLY, IN ACCORDANCE WITH THE REPORT OF SAID COMMITTEE.

The Mayor, and the Special Committee heretofore appointed to obtain rates and necessary data from the Pennichuck Water Works with a view to renewing the contract for the city water supply, are hereby authorized and directed to execute a contract with the Pennichuck Water Works in accordance with the report of said committee this day accepted.

Passed December 28, 1917.

Approved December 29, 1917.

REPORT

OF THE

BOARD of EDUCATION

CITY OF NASHUA

1917.

BOARD of EDUCATION

Clerk's Office, January 25, 1918.

At a regular meeting of the Board of Education held January 25, 1918, the reports of the Superintendent of Schools, Principal of the High School, Principal of the Evening School, Directors of Music, Manual Training, Drawing, Domestic Science, and the School Nurse, were read and accepted. It was voted to print five hundred copies of the same.

SUPERINTENDENT OF SCHOOLS

James H. Fassett,	14 Abbott St., Municipal Bldg.
Ruth L. Wells, Clerk,	29 Granite St., Municipal Bldg.

Office Hours: Every school day, 8.30 to 12.00 A. M., and 1.30 to 5.00 P. M. Saturdays, and every Tuesday during vacations, 9.00 to 12.00 A. M.

TRUANT OFFICER

Bernard E. Doyle,	120 Kinsley St., Municipal Bldg.

REPORT OF SUPERINTENDENT

To the Board of Education of Nashua:

Your superintendent, in accordance with the rules, herewith submits his twenty-fifth report, the fifty-first of its series.

The Spring Street School. On the twenty-first day of March, 1917, the old high school building on Spring Street was entirely destroyed by fire. There were several investigations to locate the cause of the conflagration, but no actual reason could be ascribed for its origin. Probably the real cause will never be known. Fortunately, the new Quincy Street building, although but fifty feet away, was uninjured. A plan was at once put in operation whereby the Quincy Street building should be used for two sets of children, the Junior High pupils coming in at 8 a. m. and remaining until 12.00 m., while the children who had occupied the grades in the Spring Street building come in at 1.00 p. m. and remain until 5.00 p. m. This double use of the building has been attended with much inconvenience and considerable loss of time, but it seemed the best solution of a very troublesome problem. The mechanical difficulties were much greater than would appear on the surface. The care of the double set of books and supplies, as well as the arrangement of programs, etc., called for a good deal of skill and planning.

The New High School. When the matter of rebuilding the Spring Street school arose, several problems presented themselves. In the first place, the present high school, which was built twelve years ago, had about reached its capacity. It was planned originally to accommodate about four hundred pupils, but by the addition of a wing on the west side, this number has increased to about four hundred and fifty. The present enrollment in the high school is between four hundred and four hundred and fifty pupils with a steady increase for the past fifteen or twenty years. It can easily be un-

derstood, therefore, that within a short time the capacity of this building would have to be increased to take care of the normal growth of our high school. It would seem, since the burning of the Spring Street building would absolutely demand the erection of a new schoolhouse, to be the part of wisdom to replace this structure not with a grammar school, but with a modern and much enlarged high school building, thereby releasing the present building for the grades below the high school. This line of reasoning appealed to the members of the City Government, to whom the erection of a new building was referred, and accordingly plans were requested for a new high school building which would accommodate about seven hundred pupils.

As it happened when these plans were submitted the work of construction in all lines was very much restricted and many of the ablest architects were eager to submit their plans for consideration, the result being that some of the best architectural talent in New England competed for the designing of a new Nashua High School. After several protracted meetings, the plans of Mr. Thomas M. James were selected as best fitted to the needs of the Nashua schools. These plans included not only a modern, thoroughly equipped high school plant, but in addition a public assembly hall which could be used by the high school as an auditorium or entirely cut off from the high school and used by the citizens of Nashua for lectures and public gatherings. It is planned to seat safely and comfortably about tewelve hundred people, or nearly twice as many as the present City Hall will accommodate. The people of Nashua and the Board of Education are to be congratulated upon obtaining a building of this character for the promotion of the schools and for the activities of the townspeople.

While speaking of the high school building, I should like to mention the excellent work accomplished by our high school faculty and pupils. It is so seldom that a real comparison can be made between the work of different schools that

when the opportunity presents itself to make such a comparison it is worth while to give it more than a passing notice. Some time ago the Rockefeller Foundation presented the State Department of Public Instruction with $50,000, which was to be expended in the examination and classification of the work done in New Hampshire schools. Mr. W. A. Brown, then Deputy Superintendent, was placed in charge of this fund and given control of the work. One of the branches to which Mr. Brown gave special attention was that of the teaching of Latin in the secondary schools; in fact, the State Department had given out instructions and recommendations in regard to the particular method which should be used for the teaching of Latin. Mr. Brown's investigation of the Latin in the high schools and academies of the state was quite exhaustive. Actual tests were given in classrooms under uniform conditions and the results were carefully tabulated.

It was with greatest pleasure that we received the announcement from Mr. Brown that the teaching of Latin in the Nashua High School not only excelled all the schools throughout the state of New Hampshire, but it was so markedly superior that he requested Mr. Noyes, the principal, to write him fully in regard to the methods used in the development of this study. It may be thought that I am enlarging too much upon this subject, but I wish you to remember that excellent results in Latin can be obtained only by pupils who are skilled in many other branches as well. They must be well drilled in English, both oral and written; their translations must be readable as well as accurate. Moreover, since Latin is one of the most difficult studies in our secondary schools, it is reasonable to suppose that pupils who maintain excellence in this subject will be fairly proficient in other subjects.

As a matter of fact, our pupils from the Nashua High School have maintained excellent rank in the higher institutions of learning. The school has been on the credited list for the Examining Board ever since that board was created in

1900. We have never had even a warning that our pupils were not standing up to their requirements in the colleges to which they have been sent.

I should like also to speak of the excellent work performed in our commercial department. The pupils who have been graduated from this course in our high school have made a splendid record in the business offices of the City of Nashua and have passed stringent examinations for positions of importance in Washington and other cities. Indeed, there is a greater demand for graduates of our commercial department than we are able to fill, notwithstanding the fact that it includes over one third of the pupils of the entire high school.

The Junior High School. The Junior High School in the Quincy Street building has been in operation for nearly a year. I believe I may truthfully state that no one thing has created such favorable comment by parents and pupils alike as this institution of the junior high school. The pupils carry themselves with dignity and show an increased earnestness toward their school work.

The departmental system has intensified among the teachers a love for their work, and as a result practically all have attended the summer school at Columbia University, so that the course as outlined in the Junior High School of Nashua reflects the most advanced ideas of some of the most prominent educators in the country.

I feel confident that the beneficial effects of this training will appear more and more markedly as these pupils advance in their high school career. Already Mr. Noyes and his teachers are arranging to modify their curricula so as to take the utmost advantage of the work as developed by the junior high school courses. I am sure that it will make a profound impression on the entire scholastic attitude of the pupil toward his high school work and will eliminate that unfortunate gap which formerly existed between the grammar school and the high school.

I believe, moreover, that there is an excellent opportun-

ity of carrying this departmental scheme down still farther in the grades. Some of my principals have already broached this point to me. In fact, one is trying it out with marked success, while another proposes to experiment on even a larger scale. The junior high school idea has come to stay and is one of the most significant happenings of the educational world. It gives me pleasure to think that Nashua was one of the first cities in New England to take an advanced stand on this eminently practical idea.

One of the advantages in the half day session has been the opportunity offered many of the poor children for working half a day. There is no doubt but that the drastic child labor law now in operation in the State of New Hampshire has worked a severe hardship on the poor families of the community. Since the Spring Street fire forced us to hold only one session for the grammar schools in this district, by transferring pupils from different schools of the city to the Quincy Street school, I have been enabled to relieve some of the worst cases of distress by allowing children to work mornings while they attend school in the afternoon. It has served an admirable purpose and has been the means of lightening the burden of some of our most severe cases of poverty. I should most heartily recommend that, even after the new high school is constructed, we still continue this plan of one session classes in certain rooms, thereby affording the above mentioned relief. This plan is already in operation in the neighboring city of Manchester and I understand from Mr. Taylor, the superintendent, that it is working admirably with him and is relieving many cases of the greatest destitution.

Evening Schools. The Nashua Evening Schools continue to broaden their curricula to fit the needs of the Nashua people. It is my belief, and the belief of the committee, that the evening school should offer the people of Nashua an opportunity to follow out their educational bents, and that we should offer them courses which are alive and full of potentiality to them. In other words, the school should strive to fit

the conditions that actually exist in the community and not try to fit the community to some abstract theory as to what the school should teach the pupils. For instance, if there were a sufficient number of pupils who wish to take a course in Greek, it seems to me that a teacher should be found competent to instruct these people in the Greek language. If a sufficient number of pupils desired instruction in blacksmithing, a course should be commenced and an instructor should be engaged to teach blacksmithing. If a sufficient number of pupils wished to have a course in commercial law, a teacher should be engaged for that subject. And the same applies to cooking or sewing or any other subject.

The idea, moreover, is applicable not only to evening schools, but to our whole educational fabric. We have been trying to force the pupil into a narrow strait-jacket of conventional pedagogy. The question comes as to what is best for the children of all the people in the light of what they are to do as citizens. When asked as to what a boy should be taught, Franklin replied "Teach the boy that which he will use as a man." By this he meant that the boy should be taught good behavior, the proper care of his body, that he should be given advantages of the highest skill in physical and moral hygiene, and should be taught the right preparation of food. In the same way, the girl should be taught the principles underlying the purchase and the preparation of foods, and the care of the household in minute details. The boy should be taught the fundamentals of the trades which he is to follow in his manhood. This includes not only those trades calling for manual skill, but for mental skill in the professions as well. As I have said before, the schools should fit the conditions that actually exist in any given community and should not try to fit the community to the schools.

The Schools as Affected by the War. I doubt if there is a city in the state where the school children have done more serious or more practical work toward helping to win the war than have the pupils in the schools of Nashua, and this

applies not only to the children but to the teachers as well. When the Liberty Bonds were offered for sale the teachers took it upon themselves to visit every parent of every pupil in their rooms to urge the necessity of helping the government by the purchase of at least one fifty dollar bond. This resulted not only in the immediate sale of a great many bonds but served to spread the propaganda throughout sections of the city that were otherwise difficult of approach.

In the sale of thrift stamps, pupils and teachers again did remarkable work. Nearly eight hundred dollars worth of stamps were taken during the first ten days after they were offered for sale. The high school pupils in a drive of two days, sold over fourteen thousand dollars worth of War Savings Stamps. I have a letter from the office of the superintendent of public instruction in which the statement is made that no other city or town in New Hampshire had approached the work done by the schools of Nashua in this line.

I would commend, also, the admirable work and spirit evinced by the teachers in their collaboration with the draft board in connection with the questionnaires of the men of draft age. They have offered their services willingly and freely on all occasions when they could be of the slightest assistance in the furtherance of war preparations of any kind. I know that the men who have had charge of this work recognize the excellent spirit which actuates the entire corps of Nashua teachers.

In this connection, I might mention the number and excellence of home gardens which the school children planted and attended during the past spring and summer. Reports were collected by the teachers and in many cases, the gardens were inspected. Admirable work was done and thousands of pounds of vegetables were added to the store of food which otherwise would not have been available. Even greater plans are being made and fostered by the teachers for the coming year. Through the influence of our senior senator, Jacob H. Gallinger, about five hundred packages of seeds of various

kinds were distributed among the pupils of the junior high school and these formed a nucleus for many excellent home gardens. The senator has promised to duplicate his offer this year, and with the added experience of last year most excellent results are to be expected.

I have already expressed myself in previous reports as to the desirability of a course in military training for all boys who pass through our high school. The basement of the new high school building will be constructed with this point of military training particularly in view. There is an excellent drill hall, with a wide sloping approach from the ground floor so that the company may march to and fro without any break in the ranks. I think that a requisition should be made at once for rifles and equipment from the federal government so that when the new building is ready the military organization can be taken up.

Undoubtedly after this war is over there will be uniform regulations under which the youth of the country will be drilled, but it seems to me that we should not wait until that time before taking an active stand in regard this important matter. Our boys cannot be too well trained to fit themselves for the activities of military life in which this country is bound to participate in the future. Preparedness is just as much a live issue today as it was before the war and it is at length being brought home to the people that skill and training in military matters is a safeguard and an insurance against loss of life rather than the reverse.

Our Honored Dead. Mr. Henry B. McCaffrey, who had been truant officer for the schools of Nashua during the past twenty-eight years died at his home on Elm Street on May 17, 1917. Mr. McCaffrey was, in many respects, an ideal officer. Besides being a man of excellent judgment, he had a wide knowledge of men and of affairs, so that he was acquainted with practically every family in the city. This was a great help to him in keeping the school attendance up to the proper standard. When forceful measures were obliged to be used,

they were always carried out with such tact and diplomacy that it was unusual to have any ill feeling or controversy with parents concerning the punishment of their children. I feel confident that the excellent percentage of attendance which our schools have maintained during the past quarter of a century has been due in a large measure to the industry and foresight of Mr. McCaffrey.

Mr. McCaffrey's work has been taken up by Mr. Bernard E. Doyle, who for many years served as head janitor for the Nashua high school. Mr. Doyle has shown remarkable interest in his new work, and, through his tact and courtesy, is ably filling the place held for so many years by his predecessor.

It is with deep sorrow that I am obliged to report the deaths of Miss Anne G. Shea, Miss Etta M. Wilson, and Miss Annie F. Dunlap. These teachers have given their entire life to the education of the children of Nashua. They served as an inspiration not only to the educational life of our children, but to the moral and spiritual as well. They may well serve as examples for all that is best in the profession of teaching.

In concluding this report, I wish to express my appreciation of the loyal support accorded me by the corps of teachers and by the members of this Board of Education.

Respectfully submitted,

JAMES H. FASSETT.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Nashua, N. H., Jan. 23, 1918.

Mr. James H. Fassett,
Superintendent of Schools.

Dear Sir:

The only change in the personnel of the High School teaching staff was that Mr. Harlow E. A. Lazott took the place of Miss Elizabeth McClure. Many high schools have lost a large part of their men teachers because of the demands of the war, and from some schools a considerable number of the boys have taken up military work. We have furnished only two under-graduates directly from the school, but more that one hundred former members of the schools are in military service.

For the term ending Dec. 14, 1917, the whole number registered was 446, this is twenty less than for the corresponding term a year ago, but thirty more than it was two years ago. There has been an unusual demand for young workers—boys for general work and girls for office positions. Two of the girls who graduated last June from our commercial department passed the civil service examinations and began work for the federal government at salaries of $1100 each—$150 more than the salaries of experienced teachers who have spent at least two thousand dollars more for their education. The number of tuition pupils is noticeably smaller, for we had eighty last year and have now but sixty-seven.

One result of the shortage of laborers is apparent in the difficulty experienced in trying to secure enough well-developed boys to maintain a school football team. The number found willing to give the time to training was so small that football was discontinued. A general interest in affairs other than sport had something to do with dropping this branch of athletics. Our pupils have taken an honorable part in selling liberty bonds and war-savings stamps, purchasing bonds and

thrift stamps for themselves, helping soldiers and the needy in other countries, and aiding in the clerical work and the interpreting connected with the registration and the questionnaires of those considered for the army draft. The teachers have likewise done much work without pay on the questionnaires and in the other work caused by the war.

At the beginning of this school year the salaries of the high school teachers were raised about ten per cent. While this increase is very acceptable and much appreciated, it is not in my judgment a sufficient increase when we compare it with the raise in wages given to other workers during the last few years, and when we take into account war prices which teachers have to pay just as other people do. Professional etiquette does not approve of a strike by teachers and therefore those who fix the compensation for them should be especially sensitive to their needs. Many of the most desirable people for teaching are engaging in other pursuits. In some places the scarcity of the right kind of persons for school positions is causing anxiety. In the long run the public will gain by being generous with its school teachers.

New boilers have furnished much comfort to all who gather in the school building. We have been well supplied with fuel while hundreds of schools have been closed for lack of coal. Having more heat than in former years has enabled us to secure better ventilation, a great gain to all the young people who throng the school rooms.

Our senior play this year was so well presented that it maintained the high standard of former productions by senior classes. The net returns amounted to $255.59.

The following table shows the enrollment this year in each subject.

English Literature	441
English Composition, individual instruction	158
English Composition, class instruction	284
History	253
Latin	142

French	287
German	60
Algebra	154

Shopwork	57
Mechanical Drawing	49
Freehand Drawing	25
Household Arts	40

The number studying German has not diminished as much as in many schools.

The work in household arts is for the first time being done beyond the first two years and we have thirteen juniors who are studying hygiene and physics with especial applications to the life of the home.

In the last three years our typewriters have increased from fourteen to thirty-five. Forenoons these machines are being used by one hundred High School pupils, afternoons by one hundred and fifty Junior High pupils, and evenings by eighty night school pupils.

Forty-three of our graduates entered higher institutions of learning this year with no preparation beyond that secured in this city. They are enrolled as follows:

New Hampshire College	9
Keene Normal	8
Boston University	6

Dartmouth College	4
Smith College	3
Lowell Normal	3
Oberlin College	2
School of Kindergartners	2
Worcester Polytechnic	1
Massachusetts Institute of Technology	1
Brown University	1
Lowell Textile	1
Fitchburg Normal	1
Massachusetts College of Pharmacy	1

At the High School graduation seventy-two diplomas were awarded by the Board of Education last June. Professor Otis E. Randall, Dean of Brown University, was our speaker.

I am glad to express my hearty thanks to all officials, teachers, parents, and especially to all the faithful pupils who help to make this school, as I believe, a good school.

Respectfully submitted,

CHARLES H. NOYES.

REPORT OF THE PRINCIPAL OF THE EVENING SCHOOL

Mr. James H. Fassett,
Superintendent of Schools.
Dear Sir:—

In accordance with your request, I hereby submit my annual report of the Evening School.

The organization of the school this year is along the same general lines as last, the same work is given in the various departments, and the method of instruction is the same. As in past years, as much attention as possible is paid to the needs of the individual, and special effort is made to satisfy those needs. One gratifying feature of the work this year is the fact that a good percentage of the members of last year have returned to continue the work began at that time, with the result that although the registration of the non-English speaking department is smaller than last year, that of the other departments has shown a substantial increase.

The changes in organization are as follows: 1st. The Shop Work Division of the High School Department has been combined with the Mechanical Drawing Division of the same department, thus forming the Manual Arts Department, in which instruction is given in the following subjects:

Mechanical Drawing
Machine Shop Practice
Cabinet Making
Wood Turning
Pattern Making
Forging (Tool Making)

2d. The Household Arts Department has been added in which instruction is given at the Quincy Street School three evenings per week in sewing, and two evenings, in cooking. This course was not started until Jan. 21, but already eighteen have applied for instruction in sewing and twenty-one, in cooking.

The total registration of the evening school at the present time is 325. The registration by classes is as follows:

Non-English Speaking Department.

Division A.	Mrs. Josephine Morrison	22
Division B.	Miss Ella Valcour	29

Intermediate Department.

Division A.	Mrs. Mary A. Woodbury	32

Grammar School Department.

Division A and B.	Miss Harriett B. Moran	34
Division C.	Miss Helen Hallisey	23

High School Department.

Shorthand and Typewriting Division:		
	Frank R. Powers, Shorthand	37
	Miss Grace E. Campbell, Typewriting	86
Bookkeeping Division:		
	Mrs. Evelyn Nesmith	27
Academic Division:		
	E. Everett Clark, English	18
	French	3
	Latin	2
	American History, Government and War History	3
	English History	1
	Miss Helen M. Coffey, Algebra	6
	Geometry	11
	Arithmetic	10

Manual Arts Department.

	Ernest W. Beck, Mechanical Drawing	48
	John Goddard, Machine Shop Practice	28
	Cabinet Making	9
	Wood Turning and Pattern Making	4

Household Arts Department.

	Miss Mary E. A. Pillsbury, Cooking	21
	Miss Madeline Donlon, Sewing	18

It is obvious from the registration indicated in the several repartments that many members of the advanced classes are receiving instruction in two or more subjects, which is, I believe, a good indication of their interest in this work. Hence, I would suggest that before another year the advisability of adopting some plan be considered whereby the work of these departments could be more closely correlated, with definite combined courses of two or more years duration for those students who wish to take such courses, in addition to the courses given at present to those students who wish to take work in one department only.

Respectfully submitted,

WILLIAM H. MARTIN.

REPORT OF THE DIRECTOR OF MUSIC

Nashua, N. H., January 1, 1918.

To Mr. James H. Fassett,

Superintendent of Schools.

Dear Sir:—

The twenty-first annual report of the present Director of Music in the Nashua Public Schools is respectfully herewith submitted.

The year just closed has been one of live musical activities in our schools, from the first grade to the High School inclusive. In the primary grades about one-third of the time devoted to music is given over to rote songs, taken from the musical literature of the masters and some modern composers. The tone in these grades is kept soft and light, wholly free from forcing the voices, and technical exercises are for the most part started in the head register of the child, thereby securing the flute-like tone of the unforced child-voice. This endeavor in tone production is carried up through the grades and in the High School.

The best materials obtainable are in use in all the grades, and in the High School standard oratorios and cantatas are studied and produced in public. May 17, 1917, the High School chorus, 200 voices, taken from the three upper classes, produced the oratorio, "The Seven Last Words of Christ," composed by Theodore Dubois, with Boston and New York soloists and the Boston Festival orchestra. The soloists were: Miss Dorothy Cook of Boston, mezzo-soprano; Mr. Lambert Murphy of New York, tenor, and Mr. Reinald Werrenrath, baritone. There was an enthusiastic audience which filled City Hall. Beside the oratorio the chorus sang some part songs, and the soloists and the orchestra gave several numbers to complete a program of two hours. That a capacity audience can be procured when all seats sell at one dollar

proves that the Nashua public has come to realize that the High School chorus is doing adult choral society work.

At the Junior High School graduation the orchestra of this school furnished excellent music in a splendid manner, and also played the accompaniments to some of the part songs which were sung by the chorus as well as The Star-Spangled Banner, and America, which the chorus and the audience sang. The orchestra was made up of twelve pieces.

The High School orchestra furnished music for the Senior play, in December, playing some of the best literature of orchestral music, to which the large audience which entirely filled the Colonial Theatre gave enthusiastic and prolonged applause. This orchestra was made up of six first violins, four second violins, one flute, one clarinet, two cornets, drums and piano, making seventeen pieces in all. Miss Elizabeth Lucier was the pianist, and Mr. Myron S. Vincent was concert-master.

The choral class of the High School has in preparation the dramatic cantata "The Crusaders," composed by Niels W. Gade, which will be produced at the Eighteenth Annual Music Festival of the Nashua Oratorio Society, for the opening concert, Thursday evening, May 9, when Mme. Marie Sundelius, of the Metropolitan Opera Company of New York, will be the principal soloist, and the Boston Festival Orchestra will play as in times past. This chorus will also sing some part songs at the concert. The number of students in this department this year is 300, but only 200, from the three upper classes. will be allowed to take part in the concert. This cutting down of the chorus will be dispensed with when the auditorium in the new High School is available, a thing which will be appreciated by the students.

The class in harmony, theory and history this year numbers twelve. The Director of Music has the harmony and theory department of the work, and Miss Dorothy Danforth, a teacher in the High School, has the history part, which includes appreciation of music, illustrated with a Victrola.

Again the Director of Music is grateful to the Board of Education, the Committee on Music, the Superintendent and the teachers for the enthusiastic support of the study of music in our schools, and only hopes that there will be a still greater activity in this work when the new school auditorium is at the disposal of the department of music.

Respectfully yours,

EUSEBIUS G. HOOD,

Director of Music.

REPORT OF THE DIRECTOR OF MANUAL ARTS

Mr. James H. Fassett,

Superintendent of Schools.

Dear Sir:—

In compliance with the rules of the Board of Education I submit my Eighth Annual Report.

It gives me pleasure to say that during the past year the various branches of work in the Manual Arts Department have progressed very satisfactorily.

There have been a few changes in the teaching force this year. Mr. Lewis B. Eaton resigned to enter the federal service. This vacancy was filled by the election of Mr. Herman Barker, a graduate from the Industrial Course of the Nashua High School, and also a graduate of Wentworth Institute, Boston. He is an excellent addition to our teaching staff.

Mr. Frederick Fuller, after six years of successful teaching, resigned to accept a position in Springfield. This vacancy was filled by the election of Mr. W. Everett Skillings, who was especially adapted to this work, being a graduate of Mechanics Arts High School, Boston, and also a first class machinist. On January first Mr. Skillings asked for a leave of absence that he might enlist in the Naval Reserve. Mr. John Goddard, who has had considerable practical and teaching experience, is teaching the classes taught by Mr. Skillings.

With the loss of the Spring Street School by fire this department lost one of its Grammar School equipments. An entire new equipment of 24 benches and necessary tools was purchased and installed in our old shop in the basement of the annex to the High School. Mr. Barker is in charge of this shop and is doing very good work with the boys in the Special class—it is not an uncommon sight to see the boys at work after six o'clock at night. I would like to make one suggestion regarding the size of this class in the shop. In

the past it has been altogether too large for one man to handle, as the instruction is individual, and the time so short the question of discipline is sure to come up, especially in a class of this nature—24 pupils sitting at their desks taking an academic subject, is quite different from 24 boys in a shop moving about in the necessary performance of their work.

Our entire equipment of both tools and machinery is in excellent working condition. We have just finished and put in running order a 14" Wet Tool Grinder the senior class doing all of the necessary machine work. Every year we make one large piece of equipment for the shops. Last year a large tool room cabinet containing 34 (side run) drawers and a cupboard was made.

Last May the annual Exhibition of Industrial Work was held in the Quincy Street School. Many people availed themselves of the opportunity of looking the new building over as well as inspecting the pupils' work.

While we have always had a course of study for our work, as outlined in previous reports, we have never had a definite outline printed in pamphlet form. During the last year I have spent considerable time working up a Grammar and High School Syllabus on "The Manual Arts" as taught in this department, the Syllabus has been a great help, it containing many interesting instructions and suggestions for teachers.

I have had many calls from other cities for copies of our course of study, and in every case have received favorable comments.

We are gradually getting away from our old course in knife work. This year we have had the boys cut out puzzles and make mechanical toys, and in the spirit of the times, each boy has made a loose-limbed soldier, sailor or horse. They are also making miniature ambulance and air ships. They have also done some work for the Red Cross, such as making about 300 knitting needles, sock forms for drying socks, 125 solitaire boards for the soldiers' Christmas boxes and they

are now cutting up stock for about 10,000 checkers to be used by the soldiers on checker boards. This year the seventh grade pupils are interested in sail boats and we hope to have a great many finished by June. During the last few weeks about 40 pairs of skis have been made and a number of sleds.

Last year during the Winter term the ninth grade pupils in the Junior High School were given instruction in Mechanical Drawing for two 35-minute periods per week, the pupils showed unusual interest in this subject and the results accomplished were most gratifying.

I feel that it is advisable to continue this instruction when the school returns to its two session program.

In my report of 1911 I suggested that the History taught to the Freshmen in the Manual Arts Course could be made more interesting by introducing an Industrial History. This year I again made this suggestion and was asked to take the class. While I feel that this subject does not come under my supervision and should be taught by an academic teacher, upon Mr. Noyes' suggestion, I promised to take the class for one year. We have finished one book upon "Elementary Social Science," and have started our second book on "The Industrial History of the American People." We have studied local city management by making visits and looking over city records. During the Christmas vacation an all-day trip was made to Boston, where 17 of us visited many places of interest, such as the State House, Post Office, Old State House, Public Market, Faneuil Hall, Custom House Tower, Wharves, Trip across the Harbor, Natural History Museum, Public Library, Wentworth Institute, etc. We have sent to Washington for printed and illustrated material including lantern slides. The pupils seem to enjoy the work. Not a boy has left the class, in spite of demands made by industries for pupils to enter their employmnt. Last year about half the class left during the year.

I wish that space permitted quotations of oral and written comments of pupils taking this subject.

At this time I would like to quote from Supt. L. T. Rundlett's 1917 Report, Concord Public Schools, N. H.

"Culture is not the slave of class or subjects but finds its way through individual interest. The boy who has mastered Greek, Latin, History, or the making of an engine has become cultured in proportion to the amount of interest and enthusiasm it has aroused in him and we may even discover more culture in the student of mechanic arts who has applied himself faithfully to his work than in the classical student who has been content to live in the disinterested and unoccupied part of his class. Culture bows to the enthusiasm which begets patient careful study in any line of work and if one's occupation in no wise arouses any such response, it cannot, in that case, be called cultural. Since our High Schools have been devoted to the needs of the public at large, a great change has been brought about. Just as many are pursuing the higher education, perhaps more than ever before, and outside of these more are becoming cultured, hundreds remaining in school who otherwise would long ago have joined the vast army of unskilled workers, never having received that additional school experience which they are now enjoying."

Realizing the present demand for skilled workmen in the metal trades we allowed all seniors not taking the Manual Arts Course the opportunity of electing machine shop practice in place of some of their study periods, ten seniors are taking this subject as an extra, spending from 2 to 10 study periods per week in the machine shop.

The following table gives the number of pupils taking manual Training in the 6th, 7th, 8th and 9th grades.

Sixth Grade	92
Seventh Grade	96
Eight Grade	95
Ninth Grade	81
Special Class	33
Suburban Pupils	5
Total	402

The following is a table showing the number of High School pupils taking Industrial Work:

Freshman Class in Mechanical Drawing	21
Freshman Class in Shop Work	21
Sophomore Class in Mechanical Drawing	14
Sophomore Class in Shop Work	14
Junior Class in Mechanical Drawing	5
Junior Class in Shop Work	4
Senior Class in Mechanical Drawing	5
Senior Class in Shop Work	5
Extra Pupils in Mechanical Drawing	4
Extra Pupils in Shop Work	13
Freshman Class in Industrial History	11
Total	117

EVENING SCHOOL

The report of the sixth term of Mechanical Drawing, and the second of shop work in the Evening School, which opened January 2 is as follows:

These men in nearly every instance are employed in some form of mechanical work whereby their evening work helps them with their daily occupations. The membership is made up as follows:

Machinists and machinists' apprentices	16
Shoe machinery operators	14
Plumbers and sheet metal workers	1
Carpenters	2
Cigar maker	1
Printers	1
Gardener	1
Electrician	1
Boston & Maine R. R.	3
Moulder	1
Draughtsman's apprentices	1

Teacher	1
Clerks	2
Operators at Cotton Mills	2
Students	2
Automobile mechanics	1
Barber	1
Miscellaneous	4
Total	55

Fourteen of last year's students returned for further instruction.

Two students have entered upon their fourth year and if successful this year will receive diplomas.

Twenty-six of last year's students received certificates for completion of their work.

This year the work is being carried out under excellent conditions in the Quincy Street School using the regular High School equipment.

With the course of study arranged as it is, it's possible to accommodate twice the numbr of students with no additional expense, giving them their choice of Mechanical Drawing, Machine Shop Practice, Cabinet Making, Wood Turning and Pattern Making, or Forging and Tool Making.

As seen from the above table 55 are availing themselves of this opportunity. Mr. Goddard has 37 men taking shop work under his instruction. Mr. Beck has 48 men taking Mechanical Drawing under his instruction. There are 28 men taking both shop work and mechanical drawing.

The splendid spirit which these men show in their work makes it a pleasure to work with them.

CONCLUSION

It is difficult to foresee just what might take place during next year, at the last meeting of the Eastern Art Teachers' Association held at Philadelphia the question was discussed of how the schools, especially the Industrial schools, could

help the country in the present crisis, were instructed upon returning to our own state to communicate at once with the state officials, reporting to them the extent of our equipment, number of instructors and pupils under instruction. All this has been done and with your consent we have promised to do what they may request us to do. I understand Mr. Noyes has just received a questionnaire of like nature from Washington. We are ready to "do our bit" one hundred per cent strong.

I am glad again to have the opportunity to thank all who by their interest and efforts have helped the work of this department to progress.

Respectfully submitted,

ERNEST W. BECK.

January 23, 1918.

REPORT OF THE DIRECTOR OF DRAWING

January 1, 1918.

Mr. James H. Fassett,
Superintendent of Schools,
Nashua, New Hampshire.

Dear Sir:—

During the winter term of last year the course of study in the drawing department was changed decidedly for the better by separating the pupils of the ninth grades. Mr. Beck taught the boys mechanical drawing, while I taught the girls designing. I planned lessons to help the girls definitely in making the dresses which they wore at their graduating exercises.

In the spring term we held our annual exhibit in the new building on Quincy Street. We had some good and interesting work to show, and it was a pleasure to put up an exhibit in a building where the tinting of the walls, the finish of the wood work, and the general proportions of the building lent themselves so admirably to an artistic effect.

In the autumn of this year we omitted the regular work in the seventh, eight and ninth grades for about three weeks, and made games and decorated envelopes which were the drawing department's contribution to the one hundred and ten Christmas bags which the schools gave to the Red Cross for the soldiers.

With these exceptions the course remained the same as formerly, and the work is going on to my satisfaction everywhere with the exception of the work in the Junior High school. The enforced arrangement of using the Quincy Street building for two sessions has cut down the drawing periods about one half. Also the system of having the pupils go from room to room for their lessons has interfered with giving out supplies, and making ready for the lesson during the previous

period. It is also impossible under the present conditions to give pupils individual help before and after school and at recess as we have always been able to do. This unavoidable but none the less unfortunate condition is decidedly showing itself in that the work is not as good as that which we have been producing for some years past.

The drawing department suffered extremely when the Spring Street school was burned. The supplies for fourteen rooms were destroyed. These supplies were of two kinds: first, those we replace each year, like paper, paints, pencils, etc., and second those which we have been years in accumulating, like drawing boards, plaster casts, bric-a-brac, pottery, pictures and art books.

By buying additional supplies, by arranging so that several classes used the same material, and by extreme economy we have adjusted ourselves to the first loss. It will be a long time before we make up the second loss. Nevertheless, the hard conditions under which we have been working have been lessened by the cheerfulness, helpfulness and adaptability of the principal and teachers of the Spring and Quincy Street schools.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.

REPORT OF THE DIRECTOR OF DOMESTIC SCIENCE

Mr. James H. Fassett,
Superintendent of Schools.

Dear Sir:—

The work in this department has been carried on this year much the same as last, with the exception of the division of work among the teachers. Since September Miss Dowd has had charge of the High School lunch room in the morning, and the eighth grade classes in the afternoon. Miss Pillsbury teaches all the sixth and seventh grade classes and three of the ninth grade classes. Miss Donlon has all the High School classes and the other two ninth grades. We are glad to report that our work in the High School has been extended to the junior year. The course in this year includes physiology, home-nursing and invalid cookery.

Miss Madeline Donlon of Ayer, Massachusetts, takes the place of Miss Reba Reed, who resigned in June to take a position in a private school in Philadelphia. Miss Donlon is a graduate of Framingham Normal School and taught last year in Charlestown, New Hampshire. She comes to us very highly recommended and seems especially well fitted for our High School work.

The courses of study for all the cooking classes have been modified as far as possible to meet the food situation. An effort is being made to teach the type of cooking and use of foods most practical for home use at the present time, using only such materials as are suggested by the Food Administrator. For the remainder of the year the seventh grade classes will sew for the Red Cross. The stitches and seams studied in this grade will be practically the same as in the past except that the materials will be furnished by the Red Cross and the finished garments returned to them.

On several occasions this year our girls have demonstrated their practical ability in a satisfactory manner. In the Spring term the High School and grade cooking classes gave a food sale at the Quincy Street school. All the products, consisting of rolls, nut bread, doughnuts, cookies, cakes, tarts, cream puffs and ice cream were made by the girls. The sale was well patronized and after the raw materials were paid for, the proceeds were given to the Victrola fund. At the Grange Fair, in October, the girls of the Junior class gave a cooking demonstration of corn muffins in a satisfactory manner. The school exhibit of canning arranged by this class at the same fair made a creditable appearance among the other exhibits. In November, the girls of the Sophomore class, under the direction of Miss Donlon furnished the refreshments for the Woman's Club on their Home Economics day.

During the Spring term, the girls of the ninth grades, eighty-six in number, made their own graduation dresses in the sewing classes. This was the most satisfactory work which any of our grade classes have accomplished up to the present time, both in the spirit of the worker and in the quality of the work.

Each year as the work in this department increases in usefulness and practical value, it becomes more difficult to furnish a satisfactory exhibit in the Spring, as required. For instance, the dresses made by the Freshman girls during the Fall term have been worn to school ever since; the caps and aprons made by the sixth grades are needed to wear in cooking as soon as finished, and the seventh grade work when completed will be sent to the Red Cross rooms. The eighth grade sewing consists of towels, holders, bags and articles necessary for the equipment of the department. The ninth grades furnish a creditable exhibit when they wear their graduation dresses at the close of school, but these are incomplete at the time of the exhibit.

In a department of this kind there is necessarily a certain amount of incidental income as well as expense. Our record for the past year is as follows:

Sale of Preserves	$20.16
Sale of Sewing Materials	33.63
Sale of Food to lunch-room, teachers' lunches, etc.	91.26
Total received	$145.05

This money has been used for incidental expenses and to pay the smaller monthly bills of this department.

Respectfully submitted,

MARY E. A. PILLSBURY.

January 23, 1918.

REPORT OF SCHOOL NURSE

Mr. James H. Fassett,

Superintendent of Schools.

Dear Sir:—

Medical Inspection has already proved to be one of the most important departments connected with the public schools.

The school physicians are now very much pleased with the results of medical inspection.

The parents look forward to having their children examined by the school physicians.

As in previous years an inspection of the throat, nose, eyes, hearing, lungs, spine and general cleanliness having been made. Children were given advice in regard to necessary requirements, to promote good health.

Parents were notified of defects found. In many cases immediate attention was given by those who could afford it, while others reported that it was impossible for them to have treatment.

These cases I investigated, and if conditions were such as represented to us, we found help from the city or county, also from some of the doctors who were willing to do what they could for the children.

The Dental Clinic, which opened Nov. 5, 1917, is progressing favorably.

The dentists are taking a great interest in the work, each of them giving a half day a month.

The clinic is opened the first and third week of every month, from one thirty to five in the afternoon.

Up to the present date seventy-five children have had dentistry done, one hundred and ten fillings, ninety-five extractions, and twenty-five cleanings.

The children are very thankful to be able to have their teeth attended to, as some of them had never been to a dentist before and did not know what it meant to get permanent relief from aching teeth.

They are very prompt in keeping their appointments.

In closing I wish to thank you, and all who have so willingly co-operated with us in the past.

Respectfully submitted,

ELIZABETH C. SULLIVAN.

NON NOBIS SOLUM SED MUNDO

"Not for Ourselves Alone but for the World"

PROGRAMME

March Alvin J. Lucier

Elizabeth Catherine Lucier

Prayer

Rev. William H. Morrison, D. D.

Class Oration, The Motto

David Thurber Eaton

Song, The March of Stark's Men Benjamin Whelpley

Class

March! March! March! from sunrise 'till it's dark,
And let no man straggle on the way!
March! March! March! as we follow old John Stark,
For the old man needs us all today.

Load! Load! Load! three buckshot and a ball,
With a hymn tune for a wad to make them stay!
But let no man dare to fire 'till he gives the word to all,
Let no man let the buckshot go astray.

Fire! Fire! Fire! Fire all along the line!
When we meet those bloody Hessians in array!
They shall have ev'ry grain from this powder horn of nine,
Unless the cowards turn and run away.

Home! Home! Home! when the fight is fought and won,
To the home where the women watch and pray!
To tell them how John Stark finished what he had begun,
And to hear them thank our God for the day.

—Edward Everett Hale.

Address

Prof. Otis E. Randall, Ph. D.
Dean of Brown University

Prophecies—Part I

Helen Combs Kittredge

Prophecies—Part II

Hermon Bemis Noyes

Song, To Thee, O Country Eichberg

Class

To thee, O country great and free,
  With trusting hearts we cling,
Our voices tuned by joyous love
  Thy pow'r and praises sing.
Upon thy mighty faithful heart,
  We lay our burden down,
Thou art the only friend
  Who feels their weight without a frown

For thee we daily work and strive,
  To thee we give our love;
For thee with fervor deep we pray
  To Him who dwells above.
O God, preserve our fatherland,
  Let peace its ruler be,
And let her happy kingdom
  Stretch from north to southmost sea.

—Anna Eichberg K n

Prophecies—Part III

Norman Irving Bearse

Valedictory, with Essay, Patriotism

Helen Louise Small

Presentation of Diplomas

James L. Bickford
President of Board of Education

Number of Patients X-Ray cases admitted	105
Number of X-Ray cases taken for House Patients	64
Number of Obstetrical cases admitted	72
Number of Babies	72
Number of Out Patients	40
Number of Major Operations	237
Number of Minor Operations	432
Number of Patients in Hospital January 1, 1918	42
Average number of Patients in hospital each day	34
Largest any day	51
Smallest any day	19
Number of Patients who paid their bills	751
Number of Patients who paid part of their bills	59
Number of Patients who paid nothing	263
Number of Charity cases	65
Bills now unpaid by (Patients)	$1,933.56
Income from Patients for year	23,211.99
Average cost per day per patient	2.33
Reduction in cost per day over (1916)	.32

HOSPITAL EMPLOYEES

Superintendent	1
Assistant Supt.	1
Night Supervisor	1

Student Nurses	19
Clerk	1
Orderly	1
Engineer	1
Cook	1
Laundress	1
Maids	7

It is the opinion of your Committee that the affairs of the Hospital were never in better condition and that its efficiency is steadily improving under the able management of the Superintendent Miss Martha A. Wallace.

The Executive Committee,

DR. A. W. SHEA, Chairman.

REPORT OF TRAINING SCHOOL COMMITTEE

In January 1917 the School had twenty-one (21) pupil nurses. During the year there have been twenty (20) applications from students desiring to enter, but owing to various causes; chief of which is requiring the equivalent of a high school education in our applicants, only seven were admitted. This requirement is necessary to maintain the high standard of the School and also to meet the ruling of the State Board; so that our nurses may get their R. N. We also find that girls, who have been trained to think, by means of a good school education do much better work than those lacking such advantages. The present personel is very satisfactory and numbers nineteen,

5 third year pupils
6 second year pupils
7 first year pupils and one probationer

During the year, three students received their diplomas, two were dismissed for cause and four resigned. Miss

Cogswell and Miss Garland are still with us doing efficient work respectively as Operating Room Supervisor and Night Superintendent. Miss Pauline Gage remained with us as Acting Superintendent until June, when we were fortunate in securnig the services of Miss Martha Wallace, a graduate of Cassavant Memorial Hospital, Chicago and of the Cook Co. Children's Hospital. Miss Wallace has further qualified for the position of Superintendent by taking a course in "Hospital Administration" and the "Principles of Teaching" at Columbia University. The Nashua Memorial Hospital is now fully equipped to give nurses a most efficient training. It is second to none in the State in all that makes for an up to date modern Hospital. Until this year we have felt the lack of a suitable kitchen in which each girl could have individual teaching in diatetics, but thanks to our City School board this want has been supplied. Recognizing our Training School, as part of the City's educational system, they kindly placed, at our disposal, the kitchen in the Junior High School building and our girls are now taking a twenty-six (26) hours course in diatetics there under the efficient direction of Miss Mary Pillsbury, whom your committee regards as an excellent teacher. In September classes were begun by the doctors and the Superintendent and the program laid out is complete to date. Three classes a week conducted by Miss Wallace and one each week by some member of the staff will finish the year's course by June 1st. We are indebted to Dr. James T. Greeley for supplying the training school with a copy of the "Modern Hospital" a very valuable magazine. We could easily admit twenty-three (23) pupils to the school and this number we greatly desire, but have at present no suitable applicants.

Respectfully submitted,

For the T. S. Committee,

E. B. ATHERTON.

TREASURER'S REPORT

To the Nashua Hospital Association:

The Treasurer submits the following report of the finances of the Association for the year ending December 31, 1917.

RECEIVED

Balance as by last Annual Report	$ 5,298.29
